

## **Haiti House #423 Jean Ronald Antoine**

**Jean Ronald Antoine and his wife, Dieunise Pierre, live in Numero Deux with their four children. Jean Ronald works in construction fixing steel rebar into place while Dieunise retails food products from her roadside stand. They both work very hard for their family but as you can see the home they were living in was not a good place to raise such a large family. They are very grateful that HMI responded to their prayers and continue to ask God to bless the donors who have made their new home a reality.**
