

Haiti House #426 Rose Darline Lundy

Rose Darline Lundy is a single mother who lives with her three little girls in Numero Deux. She sells what she can in her little roadside stand. There was never going to be a way for her to have a more decent place to raise her daughters without God's help. Her joy is understandable at receiving a new home when you consider where she was living before receiving such an amazing gift. She praises God and sends her thanks to the donors who have made her joy possible.
