

Haiti House #432 Fanise Passe

Fanise Passe is a single mother who lives with her five children and one nephew. She has had no home of her own for a long time. Luckily she was taken in by a good samaritan neighbor (they are pictured in front of that home.) Through years of saving Fanise has been able to purchase a small piece of land from the neighbor that she has been living with. At last this family of seven has a place to call their own. As you can imagine, they are beyond grateful to all who have made this possible.
