

Since 2019, CORTEC & CORTEC Employees have supported the HMI home construction project and Bec's Silent Auction. The CORTEC annual fundraising effort was conceived of and lead by Justin Corte after he and his wife Elizabeth made a mission trip to Haiti with HMI in June 2018. The generous contributions from CORTEC & CORTEC Employees have since contributed to the building of 23 homes which have generationally changed the lives of the Haitian families receiving the homes.

In addition, Elizabeth & Justin (5) and Bobby & Ginny (1) have also personally contributed to the funding of 6 additional homes dated back to 2017.

On behalf of the poorest of the poor in Haiti, We / HMI cannot thank you enough for your continued efforts and generosity. Blessings to all those involved with the annual fundraising efforts.
