

July 2026 Well Report

Dn Lloyd. The wells in Ogulia, Bughagha, Mulagi, Osupa Ariet are functioning very well and well maintained. I haven't visited nor gotten a report from the communities of Namahoho, Mella A and B in regard to their wells but I think their boreholes are perfectly running well otherwise they would have notified me. May God bless you and all our donors.

Rev. Father Thomas Aquinas
