

## **Well #13 – Osupa-Awoja**

**"30 ft deep hand dug well with 7 ft of water reservoir"**

**"Pipes and pump materials"**

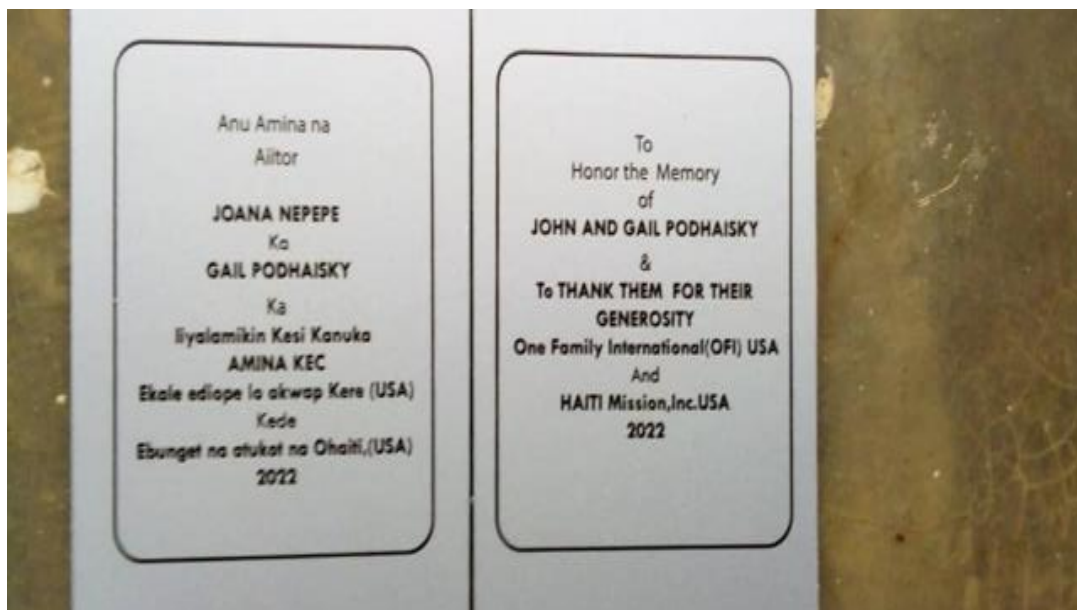

**"Installing pipe"**

## **“Pumping Water”**

## **"English and native language"**

## **Greetings Dn Lloyd.**

**The work on Osupa- Awoja well is complete. I did bless the well this afternoon (9/29/2022) and handed it over to the community. The community is very appreciative to you and the OFI donors. They pledge to maintain the well.**

**God bless. Father Thomas Aquinas**
