vCita **Calendar & Scheduling**

Convert website visitors into paying clients with lead capturing, payments and booking widgets!

Manage all client interaction from one centralized dashboard: accept online payments, issue invoices, set automated appointment & payment SMS reminders, create automated follow ups, send promotions and share coupons.

Better **Client Management**

A simple and intuitive client management platform that is tailored for small businesses to manage their clients and services from one single application.

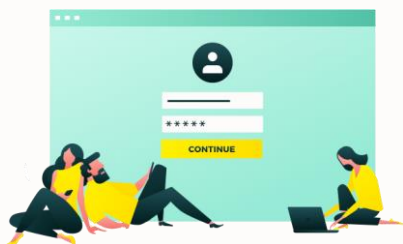

Email & SMS **Marketing**

Integrated and easy-to-use cross-channel marketing features that drive engagement and help SMBs grow their business.

Billing & **Invoicing**

Secure and reliable billing and invoicing solution, that allows business owners to issue professional estimates, invoices and receipts, receive manage and track payments

Client **Portal**

A dedicated self-service portal that allows SMB clients to pay, book, reschedule, and view any important business information online 24/7.

Staff & **Documentation Management**

Small business owners can manage their staff, their schedules and their associated clients. Business-relevant files can be uploaded, stored and shared from the platform.

Much more than just a **Business Calendar**

vCita helps any small business manage their events, staff and schedules, and allows their clients to book services directly online, hassle-free.
