**FELLOWSHIP OF
CHRISTIAN ATHLETES**

Welcome to Team FCA! The Fellowship of Christian Athletes exists to see the world transformed by Jesus Christ through the influence of coaches and athletes and He's using you to bring this vision to life. We want to thank you for stepping out in faith to make disciples who make disciples. You're a part of a larger family across the Pacific Northwest (coaches, athletes, parents, teachers, church members, and many more) giving their time, talent and treasure to share the good news of Jesus Christ and inviting others to follow you as you follow Him. We are praying for you and excited for what God is going to do in your heart as He works through you. Let us know if you need anything throughout this journey, we're thankful for you and your "yes" to making disciples through FCA!

DISCIPLES MAKING DISCIPLES

PHASE 1

WHAT IS A HUDDLE?

A Huddle is a ministry program where two or more coaches or athletes meet on a regular basis to grow in their relationship with Jesus Christ and His church. We want to empower leaders to create an environment in the sports community where the Gospel is made known and lived out through intentional conversations. Our prayer is that these environments will help FCA coaches, athletes, and volunteers make disciples who make disciples.

WHERE DO HUDDLES EXIST?

Anywhere coaches and athletes are! On the field, at the track, on the mountain, in the pool ... wherever coaches and athletes are, we believe Huddles can exist to help those coaches and athletes grow in a relationship with Jesus Christ and His Church. Many are hosted before or after practices, before games or competitions, and on school campuses before school or at lunch.

WHY SHOULD YOU START A HUDDLE?

We believe Jesus called every one of his followers to go and make disciples (Matthew 28:19-20). If you have a passion for sports and want to help coaches and athletes grow in their relationship with Jesus Christ and His church, then starting a Huddle could be a great next step for you! We ask our Huddle Leaders to step into our coaches and athletes context, and invite them to follow you as you follow Jesus. We also want you to equip them with a vision for how they can make disciples, and empower them to go do just that! Disciples making disciples is the win of FCA, and a Huddle is just one way you can do that.

WHAT DO WE DISCIPLE COACHES AND ATHLETES IN?

We want to disciple our coaches and athletes in the words and the way of Jesus. This is why we look to God's Word at every Huddle. This is also why we created the E3 Discipleship Playbook, to help you consider the principles and patterns of Jesus as He made disciples so that you can do what He did. FCA offers a variety of resources to help you on this journey at our website (fca.org). Whether you're studying a topic, diving into a specific book of the Bible, or teaching your coaches and athletes how to pray, the goal is that coaches and athletes would leave Huddle thinking on Jesus, His Word, and how to live this new life in Him.

WHERE SHOULD I START?

Where should I start?

1. Engage God First – ask the Lord what the right next step for you is. Who are the coaches and/or athletes you want to serve or build relationship with? Where are they at in their faith journey? How much time do you have to offer coaches/athletes who communicate interest? Who else will God bring to help you lead?
2. Complete the Ministry Leader Application (leaders 14 yrs or older at www.mla.fca.org) or the Young Athlete Leader Application (leaders 11-13 yrs old on local FCA website - ask staff for link).
3. Complete our E3 Overview course at www.fca.org/e3. E3 is the framework for how we follow Jesus and make disciples at FCA.
4. Once you complete the Ministry Leader Application/Young Athlete Leader Application and the E3 Overview course, contact your local FCA staff member. Share with them how you want to be involved in FCA and the coach/athlete community you feel led to serve.

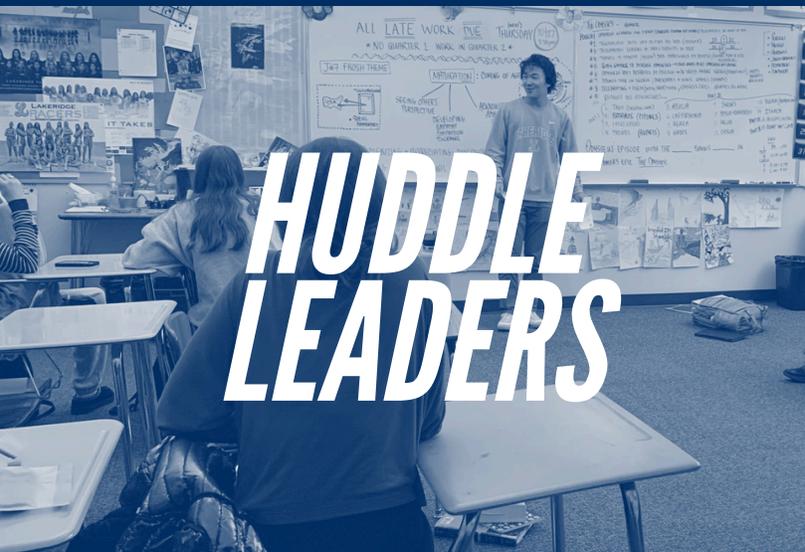

Our team will listen and help you take the next steps to build healthy FCA ministry!

CHURCH PARTNER

WHAT IS A CHURCH PARTNER?

Church partners are a central part of our mission. We want to lead coaches and athletes into a growing relationship with Jesus Christ AND HIS CHURCH. We want to mobilize members of the local church to make disciples of coaches and athletes on and off the field. And we want our coaches and athletes to find local church families that they can worship with. These are churches that will help you create the Huddle, care for the coaches and athletes, and help them grow in relationship with Jesus and the local church family.

HOW CAN A CHURCH PARTNER WITH AN FCA HUDDLE?

1. Pray for local FCA staff, volunteers, coaches, and athletes.
2. Identify men and women in their church family who want to make disciples of coaches and athletes. FCA will train them!
3. Serve as a church family for FCA athletes and coaches
4. Host FCA Huddles and events in their facility
5. Provide resources for FCA Bibles and study books
6. Provide food for the Huddle

PRAYER TEAM

WHAT IS A PRAYER TEAM?

These men and women commit to regularly praying for the Huddle and all the coaches and athletes involved. They can gather corporately as a group or pray individually.

WHAT DOES BEING A PART OF A PRAYER LOOK LIKE?

1. Know the names of the Huddle leaders in that Huddle
2. Receive specific prayer requests from FCA staff/Huddle Leaders for the Huddle as frequently as decided.
3. Pray for these leaders by name and for their specific requests regularly

CAMPUS ADVISOR

WHAT IS A CAMPUS ADVISOR?

Most athlete Huddles on public school campuses need to be led by athlete Huddle leaders and established as an official school club through the school's specific process. Most schools require clubs to have a staff member oversee club activity as an advisor. This could be a believing coach who teaches in the building, a staff member who is a believer, or someone who is supportive of FCA.

*Because On Campus Coach Huddles are not school clubs and are voluntary adult gatherings, generally they do not need an advisor or to go through a club process.

WHAT DOES IT LOOK LIKE TO BE AN ADVISOR?

1. Understand your school's rules for clubs and make sure FCA is in alignment
2. Help athlete leaders understand what opportunities or resources they have access to as an official school club
3. Be present at every FCA Huddle and on campus event
4. Create a welcoming environment in your classroom where athletes feel safe
5. If appropriate, host a leadership Huddle off campus once a month or regularly where you will discipline them and help them plan future Huddles
6. Pray for your athlete Huddle leaders and the athletes attending Huddle

PHASE 3

THE HUDDLE

Engage

Equip

Empower

The E3 framework is three phrases and 12 principles we use to describe what Jesus did in His earthly ministry! We build our Huddles using the E3 framework because we want to build ministry the way Jesus did.

PHASE 3

You're probably wondering, "what is a Huddle supposed to look like?"

Here's a breakdown of what a healthy could look like:

ENGAGE

The engage portion of a huddle is when you welcome coaches or athletes in and create space to build relationship through food, questions, and/or an activity. One or two Huddle leaders can lead this portion:

- Pray to start
- Offer snacks, pizza, donuts, etc... depending on the time and place of the Huddle
- Come up with one or two thoughtful questions you can ask the group to get them thinking about the Huddle content that day OR plan a short game or activity that will help those attending get to know one another.

*This part can be as short or as long as your team decides, depending on the length of your Huddle

EQUIP

The equipping portion of a Huddle is when 1-2 leaders lead the Huddle in a study God's Word and through small group discussion about the topic. FCA offers a variety of resources to help your leaders share biblically sound content (several listed in the Resources at the end of this packet). There are three parts we always look for during the equip portion:

1. We always open God's Word for truth and to know Jesus more
2. We always get into small groups and discuss 3-4 questions about the topic
3. We always share the Gospel and remind those attending that freedom from sin and new life is only available through faith in the death and resurrection of Jesus. Not our works, only faith in what He's done for us.

*The equip portion should be the bulk of your Huddle time

EMPOWER

The empower portion is where we challenge coaches/athletes attending to grow and share what they learned by:

1. Identifying one way they want to live differently based on the lesson they heard
2. Considering one person they know who they can share the point of the lesson with. Even if they aren't a Christian, sharing the stories or the core truths can be encouraging for anyone.

HUDDLE FAQ

- How long should Huddles be?
 - Huddles can be as long or as short as you decide. It all depends on when you choose to meet and how much time you think your coaches and athletes can commit to meeting.
 - Example: on campus lunch Huddles are often 30 minutes, before/after practice can be 30 mins to 1 hour, evening college Huddles are often 1 hour to 90 mins, etc...
- Where can I start a Huddle?
 - Anywhere coaches and athletes are! On school campuses, with school sports teams, with club teams, with rec league teams, etc...
- Can I start FCA on a public school campus?
 - The short answer is yes! Athletes must be given the same access to start a club as all other non academic clubs on campus. Coaches can host coaches Huddles for other coaches before/after school or during lunch, as long as it's not during contract time. If you have questions about this, contact your local staff member!
- Who can attend FCA?
 - Everyone is welcome to attend FCA, regardless of their beliefs or if they are an athlete/coach or not. We just ask that the Huddle Leaders be coaches or athletes.
