

# A250

The ideal awning for  
façades

The ART-250 is a retractable arm awning specifically designed for installation on small to medium-sized balconies. Its versatile supports allow for various mounting options: frontal, ceiling, and between walls.

Moreover, it includes an internal arm inclination adjustment system that can be operated reversibly from both the front and back. Additionally, its design, following the aesthetic line of the ART range, conceals the mechanical fixing elements, achieving a highly polished finish.

The arms of the ART-250 incorporate the ART System internal transmission system, which does not erode the lacquer layer, prevents the fabric from rubbing against the elbows, thus optimizing the overall lifespan.

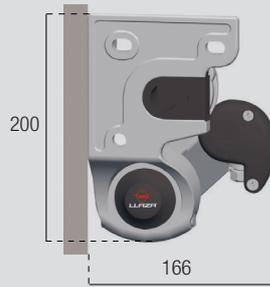

**Maximum dimensions (m)**

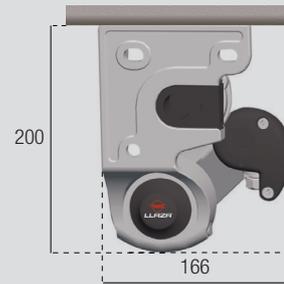

Nº. Arms	Max. width	Max. projection
2	4,00	2,50
2	4,50	2,00

**Dimensions (mm)**

Wall mounting

Ceiling mounting

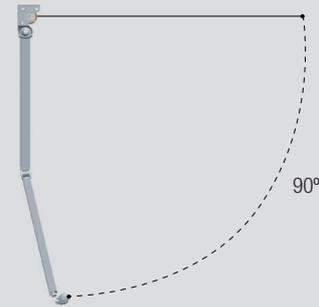

**Lighting possibilities**

- Cassette profile
- Front profile
- Arms (Onyx Lux)

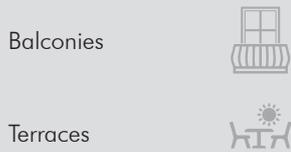

**Slope**

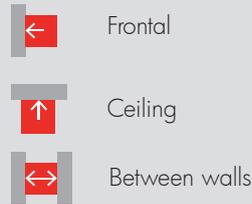

Frontal  
Ceiling  
Between walls

**Usual installations**

**Mounting**

**Complementos**

**Operation**

- Manual
- Motorised
- Automated

**Classification**

Standards: UNE-EN 13561:2015
