Message from Barry & Raewyn

We are all in this together!

Raewyn and I would like to thank our staff for all their due care and attention, to help Land Transport through this COVID-19 so far.

Keep up the good work.

Stay well and stay safe.

What was your first pet as a child?

Not sure if it was Samantha the black Labrador or Ginger the tabby cat. Can't remember who came first! Growing up on a cattle property in western Qld meant I was always surrounded by animals. My favourite was definitely my pony club horse Dandy, as it was the first one that wasn't a 'hand me down' from my older brothers.

Who is your hero?

I don't really have a hero as such, other than my late Dad. He lived a most incredible full life. He epitomised everything that is a true country gentleman. I have also been lucky enough to work with some amazing people throughout my working life and would certainly rate them as inspirations – perhaps not heroes though...

What motivates you to work hard?

This will sound very 'corny'...but I actually just like the feeling of being appreciated and being an integral member of a team working together for a common goal. Oh, and I do like to holiday – regularly – so work means I can do that. Well, at least I am hoping to again when these crazy times are over!

What is your favourite thing about your career?

Land Transport is actually my 2nd career, having finished a long career in finance 12 months ago. In the world of banking I loved the ever-changing environment and the challenge it provided. Here at Land Transport I am enjoying the new challenge of learning a whole new business ...Oh, and I love that I only come to work on Tuesday and Wednesday .

What is your proudest accomplishment?

I'm a Mum, so of course that has to be my 2 children and 4 grand children. My son is carving out a very successful career in management in the Electrical Industry and is a most wonderful Husband and Father. My daughter is an accomplished athlete with Olympic, Commonwealth Games and World Cup medals to her name. She is also a most amazing partner and mother juggling training and motherhood.

What was the last movie you watched?

Not much of a movie watcher. More of a Netflix binger when the opportunity arises.

What would rather win the lottery or work at the perfect job?

What?? There is a perfect job? How come I did not know about this until now..... To be honest though, this would be a tough one. A perfect job would satisfy in more ways than just financial....Perhaps it would depend on the size of the lottery win...

Do you have a family tradition and what is it?

No really any family traditions other than the normal quirky Christmas, Easter and Birthday ones. These in my family usually relate to food. Like Strawberry Jelly cakes (shaped like eggs) at Easter, sixpences in the plum pudding at Christmas and our continuation of themed birthday cakes - even for adults.

What was your favourite subject in school?

Maths. Loved it, and still do really...PE was a close 2nd..

What's the most unusual thing you're ever eaten?

Tricky one... I am usually adventurous in wanting to sample the local fare when travelling overseas, but think that my most interesting eats have been here in Australia. I have eaten from the Road Kill café at the Mindil Beach markets in Darwin, including crocodile, camel, emu. (I couldn't come at the possum but). And as a child I did sample the odd echidna or 2...

Emerikus Land Foundation has donated over 500 memory boxes this year alone and over 300 sibling packs.

These are all donated to hospitals throughout Australia free of charge to families that go through the devastating loss of their babies.

A lot of love and time go into making each of these to be sent to our growing list of hospitals that we currently supply with our memory boxes and sibling packs.

Each memory box cost \$65 and our sibling packs cost \$45.

Without the generosity of people making small donations we would not be able to continue this service we provide.

Donations are fully tax deductible.

Recently we have had 2 family's donate cuddle cot to their local hospitals after the loss of their baby.

Due to them having cuddle cots at the time they lost their baby, they were able to have their time with their baby without the need of separation from baby.

Should you wish to learn more or donate to the Emerikus Land Foundation please visit their website at <http://www.emerikuslandfoundation.org.au/>

I hope you and everyone at, Freightrite Transport along
with your respective, Families remains safe and healthy.
Sincerely,
Stephen Morris

You can tell Barry still runs the best
service.....without doubt!

Ian Metherall- Grain Storage Solutions

The guys who helped load were unreal as well, very helpful!
We have been to lots of freight companies and yours was the first
one that were actually friendly and helpful! Very impressed!

Lisa McCreery - Chatfields

I must say what a top service you have provided for
us and our client, we are very pleased.

Mark R. Morrow- Australian Global Freight

The team at Orana Support Service would like to thank Matt and the team at Land Transport for kindly offering to
transport our donated items from Young to Dubbo.
You are greatly appreciated for offering your services to us. The items you are delivering we be helping to clothe
the needy in our area.

Maryanne Bonney- Orana Support Service Inc.

What a good read – good content - something in there for
everyone!

Jenny Delgado– Fibre Con

Love your Newsletter Land Transport, great job
Michelle Tully– Trethewey Industries

I just wanted to let you know how much I enjoy your news-
letters.

They would be the best I've seen, and look forward to
them each quarter. Well done to your team.

Gae Blackstock Nutrien Ag Solutions

Your newsletters are always great and well put
together . You guys run a great company.

Shaun Giggins– Nutrien Ag Solutions

Thankyou for the lovely read it was fantastic to read
something positive ,with everything that's going on in the
world, keep up the great work.

Janene Whitney– Easters Landscape Supplies

It's nice to get some news that's not all about coronavirus
Take care and stay safe.

Sharnie Georgey– Oil Technology Australia

I would just like to give Nick Packer a huge rap for the
service he gave me in delivering our new spreader from
WA. Nick gave me a call once having the machine loaded
and gave me an approximate arrival time. We were very
impressed with Nicks scheduling. It's great to see people
respecting others time.

Awesome job Thankyou Land Transport.

Geoff Koerstz

Hi Lindsey, Sarah and team,

I never got a real chance to send this to you earlier.

This note is to thank you for all of your help over the years –
your record keeping (help solve issues), your prompt actions to
release of seed (last minute orders/changes), flexibility around
capacity and the overall storage of our seed.

You and your teams efforts were well appreciated.

Hopefully we will continue our relationship through the transport
side of your team for seed to the north of NSW and QLD.

Personally all the best and thank you for your efforts

David Murphy– Upper Murray Seeds

FOR A LAUGH

During a visit to my doctor, I asked Him, "How do you determine whether or not an older person should be put in an old age home?"

"Well," he said, "we fill up a bathtub, then we offer a teaspoon, a teacup and a bucket to the person to empty the bathtub."

"Oh, I understand," I said. "A normal person would use the bucket because it is bigger than the spoon or the teacup.."

"No" he said. "A normal person would Pull the plug. Do you want a bed near the window?"

My Mum was apparently abusive to me when I was a kid....

She made me do household jobs & go to school (wicked woman 😡) She gave me a curfew & smacked my arse when I did wrong (oh the abuse 😞) She put food on the table & I was expected to eat it (imagine that 😞) - She put clothes on my back & expected me to wear them (god forbid 🙏) She suggested I get a job & work for the things that I wanted (slave driver 😞) insisted that I do my best at school, at my job & to take pride in my work (cheek 😡)

Result:-

Weirdly, I grew up with morals, a good work ethic & respect for the law & my elders. I don't feel entitled and don't get offended at the things I disagree with. I thank God everyday for my Mum.

DOING THIS

NOT THIS

How many do you remember?

Headlight dip-switches on the floor of the car.

Ignition switches on the dashboard.

Trouser leg clips for bicycles without chain guards.

Soldering irons you heated on a gas burner.

Using hand signals for cars without turn indicators.

Sweet cigarettes

Coffee shops with juke boxes

Home milk delivery in glass bottles

Party lines on the telephone

Newsreels before the movie

TV test patterns that came on at night after the last show and
were there until TV shows started again in the morning.

The Palmer method of penmanship
- we started to learn this in 2nd
grade and had to practice on
specially lined paper every day - in

a pen until 4th grade.

MEMORIES from a friend:

My Dad is cleaning out my grandmother's
house (she died in December) and he
brought me an old lemonade bottle.

In the bottle top was a stopper with a
bunch of holes in it. I knew immediately
what it was, but my daughter had no idea.

She thought they had tried to make it a
salt shaker or something. I knew it as the
bottle that sat on the end of the ironing
board to 'sprinkle' clothes with because
we didn't have steam irons.

My first computer

Someone asked the other day, 'What was your favourite 'fast food' when you were growing up?'

'We didn't have fast food when I was growing up,' I informed him.

'All the food was slow.'

'C'mon, seriously.. Where did you eat?'

'It was a place called 'home,'" I explained. !

'Mum cooked every day and when Dad got home from work, we sat down together at the dining room table, and if I didn't like what she put on my plate, I was allowed to sit there until I did like it.'

By this time, the lad was laughing so hard I was afraid he was going to suffer serious internal damage, so I didn't tell him the part about how I had to have permission to leave the table.

But here are some other things I would have told him about my childhood if I'd figured his system could have handled it:

Some parents NEVER owned their own house, wore jeans, set foot on a golf course, travelled out of the country or had a credit card.

My parents never drove me to school... I had a bicycle that weighed probably 50 pounds, and only had one speed (slow).

We didn't have a television in our house until I was 10.

It was, of course, black and white, and the station went off the air at 10 PM, after playing the national anthem and epilogue; it came back on the air at about 6 am. And there was usually a locally produced news and farm show on, featuring local people...

Pizzas were not delivered to our home... But milk was.

All newspapers were delivered by boys and all boys delivered newspapers --My brother delivered a newspaper, seven days a week.
He had to get up at 6 every morning.

Film stars kissed with their mouths shut. At least, they did in the films. There were no movie ratings because all movies were responsibly produced for everyone to enjoy viewing, without profanity or violence or almost anything offensive.

If you grew up in a generation before there was fast food, you may want to share some of these memories with your children or grandchildren. Just don't blame me if they bust a gut laughing.

Growing up isn't what it used to be, is it?

BRAIN TEASERS

READ OUT LOUD THE TEXT INSIDE THE TRIANGLE BELOW:

More than likely you said, "A Bird in the bush' and.....

If this IS what YOU said, then you **failed** to see that word THE is repeated twice!

WHAT DO YOU SEE?

In black you can read the word GOOD, in white the word EVIL (inside each black letter is a white letter).

Its all very physiological too, because it visualizes the concept that good can't exist without evil (or the absence of good is evil).

WHAT DO YOU SEE HERE?

The word TEACH reflects as LEARN.

COUNT EVERY 'F' IN THE FOLLOWING TEXT:

FINISHED FILES ARE THE RESULT OF YEARS OF SCIENTIFIC STUDY COMBINED WITH THE EXPERIENCE OF YEARS...

How many did you get?

If you got 4- FAIL. There are 6!!! Go back and try again.

The reasoning behind?

The brain cannot process the word 'OF'

PUBLIC HEALTH RESPONSE MEASURE

HOW IT SPREADS

The virus that causes COVID-19 is mainly transmitted through droplets generated when an infected person coughs, sneezes, or exhales. These droplets are too heavy to hang in the air, and quickly fall on floors or surfaces. You can be infected by breathing in the virus if you are within close proximity of someone who has COVID-19, or by touching a contaminated surface and then your eyes, nose or mouth.

HOW YOU CAN STOP THE SPREAD

- ◇ Good Hygiene– Washing hands, covering your coughs and cleaning your workplace and home.
- ◇ Social Distancing– Find out how to practice social distancing in public, at home, at work and in schools.
- ◇ Public gatherings: Understand the limits that apply to essential gatherings and non-essential gatherings.

FUN FACT!

YOU CANNOT GET CORONAVIRUS FROM YOUR PETS.

3 STEP FRAMEWORK FOR A COVIDSAFE AUSTRALIA

MAINTAIN 1.5M DISTANCING AND GOOD HYGIENE • STAY HOME IF UNWELL • FREQUENTLY CLEAN AND DISINFECT COMMUNAL AREAS • COVIDSAFE PLAN FOR WORKPLACES AND PREMISES

ALL STEPS ARE SUBJECT TO EXPERT HEALTH ADVICE • States and territories can implement changes based on their COVID-19 conditions

GATHERINGS & WORK	EDUCATION & CHILDCARE	RETAIL & SALES	CAFES & RESTAURANTS	ENTERTAINMENT & AMUSEMENT VENUES	SPORT & RECREATION	ACCOMMODATION	WEDDINGS, FUNERALS & RELIGIOUS SERVICES	HAIR & BEAUTY SERVICES	DOMESTIC TRAVEL
STEP 1: The important first small steps - connect with friends and family - allowing groups of people to be together in homes and in the community. Businesses reopen, and more people return to work									
Non-work gatherings of up to 10 Up to 5 visitors at home in addition to normal residents Work from home if it works for you and your employer Workplaces develop a COVIDSafe plan Avoid public transport in peak hour	Child care centres, primary and secondary schools open as per state and territory plans Universities/technical colleges to increase face-to-face learning possible and prioritise hands-on, skills based learning	Retail stores open Retail stores and shopping centre managers must develop COVIDSafe plans Auctions/open homes can have gatherings of up to 10, recording contact details	May open and seat up to 10 patrons at one time Need to maintain an average density of 4m ² per person Food courts are to remain closed to seated patrons	To remain closed: Indoor movie theatres, concert venues, stadiums, galleries, museums, zoos, pubs, registered venues, strip clubs and nightclubs, gaming brothels Exception: Restaurants or cafes in these venues may seat up to 10 patrons at one time	No indoor physical activity including gyms Community centres, playgrounds and skate parks allow up to 10 people Outdoor sport (up to 10 people) AIS Framework for Rebooting Sport Pools open with restrictions	Continue current arrangements for caravan parks and camping grounds (closed to tourists in some states and territories) Hostels and hotels are open for accommodation	Weddings may have up to 10 guests in addition to the couple and the celebrant Funerals may have up to 20 mourners indoors and 30 outdoors Religious gatherings may have up to 10 attendees Every gathering must record contact details	Hairdressers and barber shops open and record contact details Beauty therapy and massage therapy venues and tattoo parlours remain closed	Allow local and regional travel for recreation Refer to state and territory governments for border restrictions and biosecurity conditions

STEP 2: Building on slightly larger gatherings and more businesses reopening. Higher risk activities may have tighter restrictions

Non-work gatherings of up to 20 States and territories may allow larger numbers in some circumstances Work from home if it works for you and your employer Workplaces develop a COVIDSafe plan Avoid public transport in peak hour	Child care centres, primary and secondary schools open as per state and territory plans Universities/technical colleges to increase face-to-face learning possible and prioritise hands-on, skills based learning	Retail stores open Retail stores and shopping centre managers must develop COVIDSafe plans Auctions/open homes can have gatherings of up to 20, recording contact details	Cafes and restaurants can seat up to 20 patrons at one time Need to maintain an average density of 4m ² per person Food courts are to remain closed to seated patrons	Indoor movie theatres, concert venues, stadiums, galleries, museums, zoos may have up to 20 patrons To remain closed: pubs, registered and licensed clubs, RSL clubs, casinos, nightclubs, strip clubs and brothels Exception: Restaurants or cafes in these venues may seat up to 20 patrons at one time	Up to 20 people allowed to participate in outdoor sports consistent with the AIS Framework for Rebooting Sport Up to 20 people allowed to participate in all indoor sports, including gyms Need to maintain an average density of 4m ² per person Pools open with restrictions	Caravan parks and camping grounds fully open All accommodation areas open and allow gatherings of up to 20 people	Weddings may have up to 20 guests in addition to the couple and the celebrant Funerals may have up to 50 mourners Religious gatherings may have up to 20 attendees Every gathering must record contact details	Hairdressers and barber shops open and record contact details Beauty therapy and massage therapy venues and tattoo parlours can open with up to 20 clients in the premises and record contact details Saunas and bathhouses remain closed	Allow local and regional travel for recreation Consider allowing interstate recreational travel depending on the situation in each state and territory Refer to state and territory governments for biosecurity conditions

HEALTH ALERT

17 June 2020

The World Health Organisation (WHO) recently declared the **Coronavirus COVID-19** outbreak a public health emergency of international concern.

In an effort to minimise risk to our employees, sub-contractors and customers, The Land Transport group has implemented the below in conjunction with advice from WHO & Department of Health (DoH) to combat the risk of Coronavirus:

- **Wash hands frequently** with soap & water for a **minimum of 20 seconds** or use an alcohol-based hand rub.
- **Practice respiratory hygiene** when coughing and sneezing, cover mouth and nose with flexed elbow or tissue – discard tissue immediately into a closed bin and clean your hands as per above.
- Where possible **maintain a social distance** by upholding at least **4m² distance** between yourself and other employees.
- **Avoid touching eyes, nose and mouth** with your hands as you can transfer the virus from surfaces to yourself.
- **Avoid shaking hands** or touching other person/s.
- We **recommend** you minimise any non-essential domestic or international travel.
- Where possible reduce **face to face meetings** to phone hook ups, if meetings are required, only have the essential person/s in attendance.
- Avoid **large gatherings**, particularly indoors.
- **Brief toolbox talks** are to be held **outside daily**, maintaining the **4m² distance** for each employee or **one on one**.
- When conditions permit, **open doors and windows** to let fresh air in.
- Ensure all **air conditioning** units remain up to date with their **quarterly servicing** (Please check with Eileen in Head Office if you are unsure).
- No **non-essential visitor/s** to site.
- Our cleaning suppliers have been contacted to **increase the level of cleaning** especially with high contact points. Should you not feel this increased level is met – please advise Head Office.
- Ensure **EFTPOS machine** is wiped down after each use.
- All tea, coffee, sugar, milk, crockery and cutlery has been removed from all Land Transport kitchen and amenities.
- **No passengers** to be in any Land Transport long distance vehicles.
- **Local prime movers** are to be **used** where possible instead of interstate prime movers.
- Keep as many **internal doors open** as possible to **reduce** the use of **high touch points** (door handles) .
- All queries are to be emailed or phoned to internal departments, as **all face to face encounters** need to be at an **absolute minimum** and only when essential.
- In the attempt to **reduce** the amount of **non-essential personnel in the offices**, external doors are to be locked where possible or bollards put in place to maintain 1.5m distance.
- **Cleaners** are now completing cleans of all Land Transport depots **5 days per week**.
- We recommend you **use gloves when fuelling your vehicles**.
- **Pen** to be **removed** from **visitor sign in / out books**.
- **Forklift drivers** to **wear gloves** at all time when operating the forklifts.

The Land Transport Group

- All staff are encouraged to have a **flu shot**.
- Hand sanitisers have been distributed through out the company, along with surface sanitising sprays.
- **Shower spray** and **toilet wipes** have been distributed through out the company.
- **Sanitising stations** are being sent to all depots to be installed in reception.

For now, **it is business as usual for us**. We have no reported confirmed cases of COVID-19 associated with our employees or their families. Our priority remains to be the health and safety of our employees, sub-contractors and customers. In line with this, our second priority is to remain open for business and to continue to provide livelihoods for our employees, sub-contractors, customers and their families. **Even with Australian state borders closing, all road transport will continue as it is considered an essential service. We will keep on truckin'.**

Please see below extract from the DoH website regarding self-quarantine after returning to Australia from overseas:

"Staying at home means you:

- *do not go to public places such as work, school, shopping centres, childcare or university*
- *ask someone to get food and other necessities for you and leave them at your front door*
- *do not let visitors in — only people who usually live with you should be in your home*

You do not need to wear a mask in your home. If you need to go out to seek medical attention, wear a surgical mask (if you have one) to protect others.

You should stay in touch by phone and on-line with your family and friends."

Key symptoms of COVID-19 are:

- Fever
- Cough
- Sore Throat
- Fatigue
