

APRIL-JUNE

2021

Message from Barry & Raewyn

As another financial year comes to an end, we thank all our staff and sub contractors Australia wide for the hard work and dedication you continually display.

Throughout the trials and tribulations we have endured in the past and ongoing, only demonstrates how wonderful our people truly are and continue to be.

Your efforts make our companies the great companies they are today and will continue to be well into the future.

EMILY COX

COMPLIANCE OFFICER

Getting To Know:
Robert Vickery

Interstate Driver

What is your ideal vacation spot?

- Middle of nowhere

What do you hope never changes?

- Price of beer

What job would you be terrible at?

- Counsellor

What is one thing you wish you could do:

- Grow hair

How many states/territories have you lived in? Where?

- QLD, NSW, SA, VIC

What's the best way to start your day?

- Bacon, eggs and mango beer

What is your favourite holiday season?

- Spring

What city would you most like to live in?

- None don't do cities. If I had to pick one, it would be Perth-WA.

What is the most heart- warming thing you could see?

- People helping animals— especially dogs.

How do you relax after a hard day of work?

- Nice cold beer

TESTIMONIALS

Just wanted to say a massive thank you to everyone involved in the quick turn around. This is extremely appreciated and it is great that we have such supportive business partners at all levels for the SA Adama business.

Kelly Burke
Adama– State Manager

Books 'n' boots wanted to send special thanks to Land Transport “for their incredible donation of the transport of the books to Wilcannia and to Shooobridge’s Murwillumbah for their generous offer of transport to Toowoomba.

Please pass on our sincere appreciation for the generous donation of the transport from Melbourne. This forklift is going to make a significant difference to the efficiency and effectiveness of our operation and also to all of the volunteers and staff in our storeroom

Jan Carlson
We Care 2

I have to tell you what a great experience I have had dealing with your employee **Evelyn Hamilton** in your accounts department. She’s a joy to deal with, nothing is ever an issue and she’s always helpful. If you have employees of the month, I would like to nominate her as I have nothing but praise for her. She’s such a huge asset to your company and I really needed to let you know that as I know, is not often clients let you know of this, but honestly I can’t help myself.

Minar Tighe
CQS

I really appreciate the time and effort put into this enquiry, we are actually really happy with your prompt service.

Luke Phillips
Shape Australia Group

Trevor Hourigan did a great job with communication and working with the crew on site and made this go extremely well.

Shane Prendergast
Civil Group

On Friday (9/04) evening, I was traveling from Brisbane to Toowoomba. At approximately 7:30 my ‘check tyre pressure’ warning triggered in the car, forcing me to pull into the BP Truck Stop at Haigslea. I pulled into the air and water bay only to not be able to get the pressure gauge to work. Having made numerous unsuccessful attempts, I then went over to the truck bays to try the gauges there. During this attempt, **Grahame Meers** (Land Transport Interstate Driver) pulled into one of the other truck refuelling bays.

I then moved my car back over to the original air and water station to have another try. This too was unsuccessful. At this point, my front passenger side tyre was down to a psi of 17. I walked across to the BP counter to speak with the attendant. I advised that I was having issues with the air. To say the attendant was less than helpful is an understatement.

I went back out, had another attempt. At this point I returned to the counter, waiting in line behind Grahame who was making payment. He turned around and heard me start talking to the attendant again and offered to assist me. He mentioned that he’d seen me struggling.

On return to the car, Grahame attempted to pump up the tyre, experiencing the same error message and lack of action that I had. He advised that there was another service station not too much further on and that I would be fine to travel on to try the air there. He advised that he would follow behind me to ensure I made it safely. I was able to sort the tyres at the next stop and Grahame followed and continued on, knowing I had made it.

What an absolute gentleman!

Your company is lucky to have such a good person working for them.

Louise (Storie)

HEALTH ALERT

14 July 2021

The World Health Organisation (WHO) recently declared the Coronavirus COVID-19 outbreak a public health emergency of international concern.

In an effort to minimise risk to our employees, sub-contractors and customers, The Land Transport group has implemented the below in conjunction with advice from WHO & Department of Health (DoH) to combat the risk of Coronavirus:

- **Wash hands frequently** with soap & water for a **minimum of 20 seconds** or use an alcohol-based hand rub.
- **Practice respiratory hygiene** when coughing and sneezing, cover mouth and nose with flexed elbow or tissue – discard tissue immediately into a closed bin and clean your hands as per above.
- Where possible **maintain a social distance** by upholding at least **4m² distance** between yourself and other employees.
- **Avoid touching eyes, nose and mouth** with your hands as you can transfer the virus from surfaces to yourself.
- **Avoid shaking hands** or touching another person/s.
- We **recommend** you minimise any non-essential domestic or international travel.
- Where possible reduce **face to face meetings** to phone hook ups, if meetings are required, only have the essential person/s in attendance.
- Avoid **large gatherings**, particularly indoors.
- **Brief toolbox talks** are to be held **outside daily**, maintaining the **4m² distance** for each employee or **one on one**.
- When conditions permit, **open doors and windows** to let fresh air in.
- Ensure all **air conditioning** units remain up to date with their **quarterly servicing** (Please check with Eileen in Head Office if you are unsure).
- No **non-essential visitor/s** to site.
- Ensure **EFTPOS machine** is wiped down after each use.
- All tea, coffee, sugar, milk, crockery and cutlery has been removed from all Land Transport kitchen and amenities.
- **No passengers** to be in any Land Transport long distance vehicles.
- **Local prime movers** are to be **used** where possible instead of interstate prime movers.
- Keep as many **internal doors open** as possible to **reduce** the use of **high touch points** (door handles).
- All queries are to be emailed or phoned to internal departments, as **all face to face encounters** need to be at an **absolute minimum** and only when essential.
- In the attempt to reduce the amount of non-essential personnel in the offices, **external doors** are to be locked where possible or bollards put in place to maintain 1.5m distance.
- **Cleaners** are now completing cleans of all Land Transport depots **5 days per week**.
- We recommend you **use gloves when fuelling your vehicles**.
- **Pen** to be **removed** from visitor sign in / out books.
- Carry and use your own **pen/s** at all times.
- **Forklift drivers** to **wear gloves** at all time when operating the forklifts.
- All staff are encouraged to have a **flu shot**.
- **Hand sanitisers, masks, disposable gloves, surface sanitising sprays and disinfectant wipes** have been distributed throughout the company.
- **Shower spray and toilet wipes** have been distributed throughout the company.
- **Sanitising stations** have been installed into our depots at point of entry.
- Land Transport's **Covid-19 Safety Plan** has been issued to all our staff and subcontractors.
- All staff and approved visitors (Including Subcontractors) in all depots are to be **temperature tested** prior to commencing work each and every day until further notice. The normal body temperature range is **36.1c – 37.2c**. The temperature test results are to be recorded (form template in your depot folders) a copy of all results is to be sent to compliance.
- We request all long-distance drivers to be **COVID-19 tested** on a 7-day cycle. See below the testing sites (Page 4).
- All depots have been instructed that common lunchrooms are to have a maximum of 4 people at any one time and that chairs are to be taken out of lunchrooms, leaving a maximum of 4 only.
- Drivers have been issued with disinfectant wipes to wipe down surfaces etc in their trucks.
- All depots are issued with a monthly checklist for cleaning/sanitising supplies. If supplies are required, these are sent out immediately.
- As directed by SA Government, the Adelaide depot now has a COVID-19 marshal.

For now, **it is business as usual for us**. We have no reported confirmed cases of COVID-19 associated with our employees or their families. Our priority remains to be the health and safety of our employees, sub-contractors and customers. In line with this, our second priority is to remain open for business and to continue to provide livelihoods for our employees, sub-contractors, customers and their families.

Even with Australian state borders closing, all road transport will continue as it is considered an essential service. We will keep on truckin'.

Please see below extract from the DoH website regarding self-quarantine after returning to Australia from overseas:

"Staying at home means you:

- do not go to public places such as work, school, shopping centres, childcare or university
- ask someone to get food and other necessities for you and leave them at your front door
- do not let visitors in — only people who usually live with you should be in your home

You do not need to wear a mask in your home. If you need to go out to seek medical attention, wear a surgical mask (if you have one) to protect others.

You should stay in touch by phone and on-line with your family and friends."

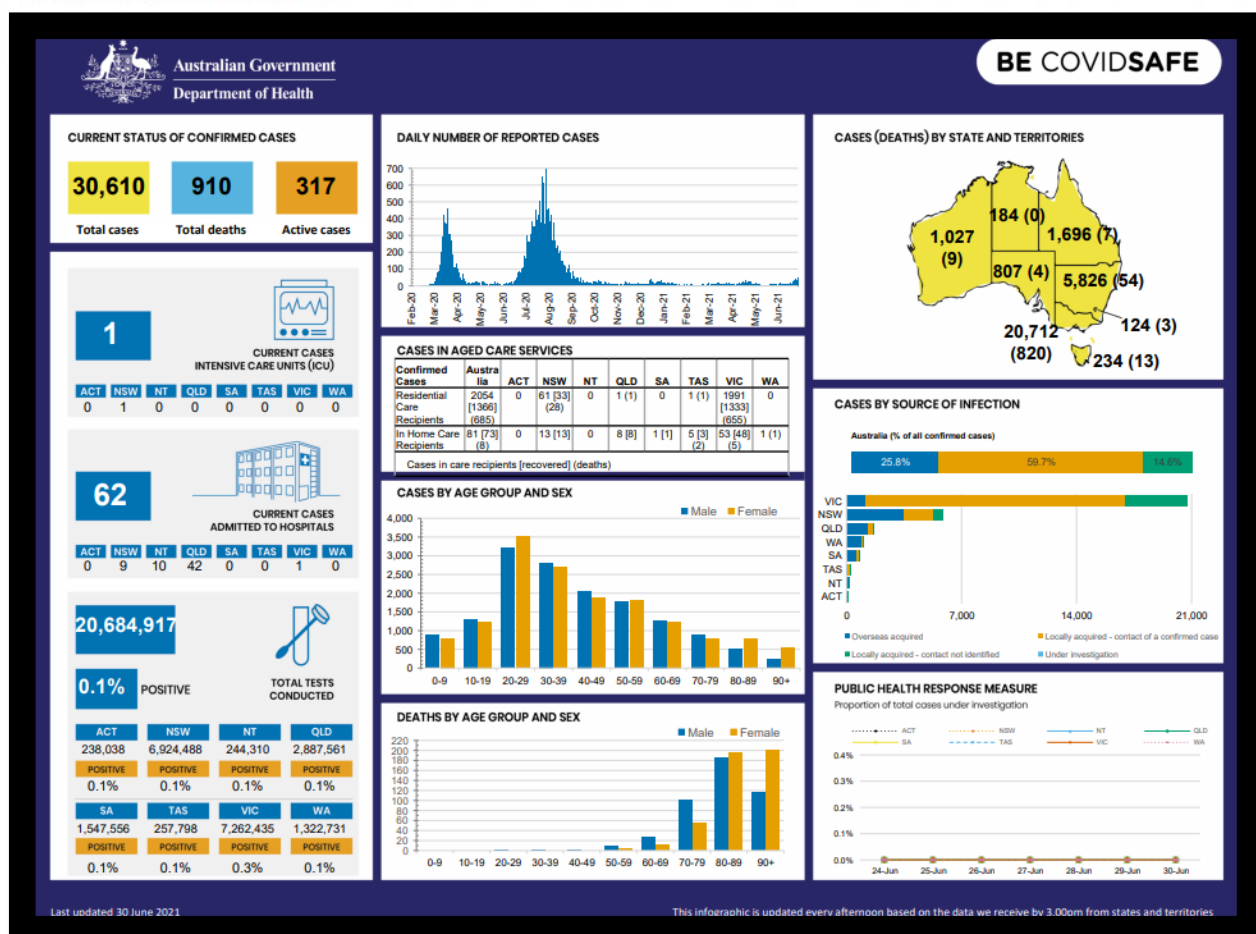

Key symptoms of COVID-19 are:

- Fever
- Cough
- Sore Throat
- Fatigue

For information on COVID-19, use the COVID-19 Symptom Check via <https://www.healthdirect.gov.au/symptom-checker/tool/basic-details> or contact the Australian Government's National Coronavirus Helpline on 1800 020 080.

KEEP OUR SPIRITS HIGH & HANDS CLEAN

NB: Important notes and additions see in bold.
