

The Concrete Advancement Foundation is proud to announce its inaugural Golf Tournament, taking place December 7–8, 2026 at The Ritz-Carlton Dallas, Las Colinas and the Nelson Club at TPC Las Colinas in Irving, Texas.

The two-day event will bring together leaders from across the concrete and construction industries for networking, thought leadership, and championship golf, while supporting the Concrete Advancement Foundation's mission to fund research and projects that advance concrete innovation, decarbonization, and sustainable construction. Together, we can create resilient, affordable communities and world-class infrastructure for a stronger, more sustainable future.

Tournament events will begin Monday evening, December 7, with a Welcome Reception hosted at The Ritz-Carlton Dallas, Las Colinas. On Tuesday, December 8, attendees will participate in a Thought Leadership Breakfast before tournament play begins at the Nelson Club at TPC Las Colinas.

Tournament registration is limited to 30 foursomes. Registration is available at \$10,000 per foursome and includes participation for four players, club rentals if needed, access to tournament events and hosted functions, and player swag.

A variety of sponsorship opportunities are also available, including:

- Resilience Champion Sponsorships – \$25,000 (3 available)
- Sustainability Superstar Sponsorships – \$15,000 (3 available)
- Golf Ball Sponsorship – \$10,000 (1 available)
- Swag Bag Sponsorships – \$7,500 (3 available)
- Signature Drink Sponsorships – \$7,500 (2 available)
- Contest Sponsorships – \$5,000 (5 available)
- Hole Sponsorships – \$2,500 (12 available)

Sponsorship opportunities are limited and will be secured on a first-come, first-served basis.

Proceeds from the tournament will support the Concrete Advancement Foundation's mission to fund research and projects that advance concrete innovation, decarbonization, and sustainable construction, including its signature initiative at the MIT Concrete Sustainability Hub. Together, these efforts help create resilient, affordable communities and world-class infrastructure for a stronger, more sustainable future.
