Onderdelenlijst Tabel 6

[illegible]

Figure 1 consists of two parts. Part (a) is a top-down view of a circular arena. A dashed line with arrows indicates the path of the robot. The path starts at the bottom left, moves up and right, then curves around the right side, and finally moves down and left. Part (b) is a side view of the arena, showing a curved boundary. A robot is positioned at the start of the path, and the path is indicated by a dashed line. The robot is labeled with the number 1, and the path is labeled with the number 2. The curved boundary is labeled with the number 3, and the robot's position is labeled with the number 4. The path is labeled with the number 5.

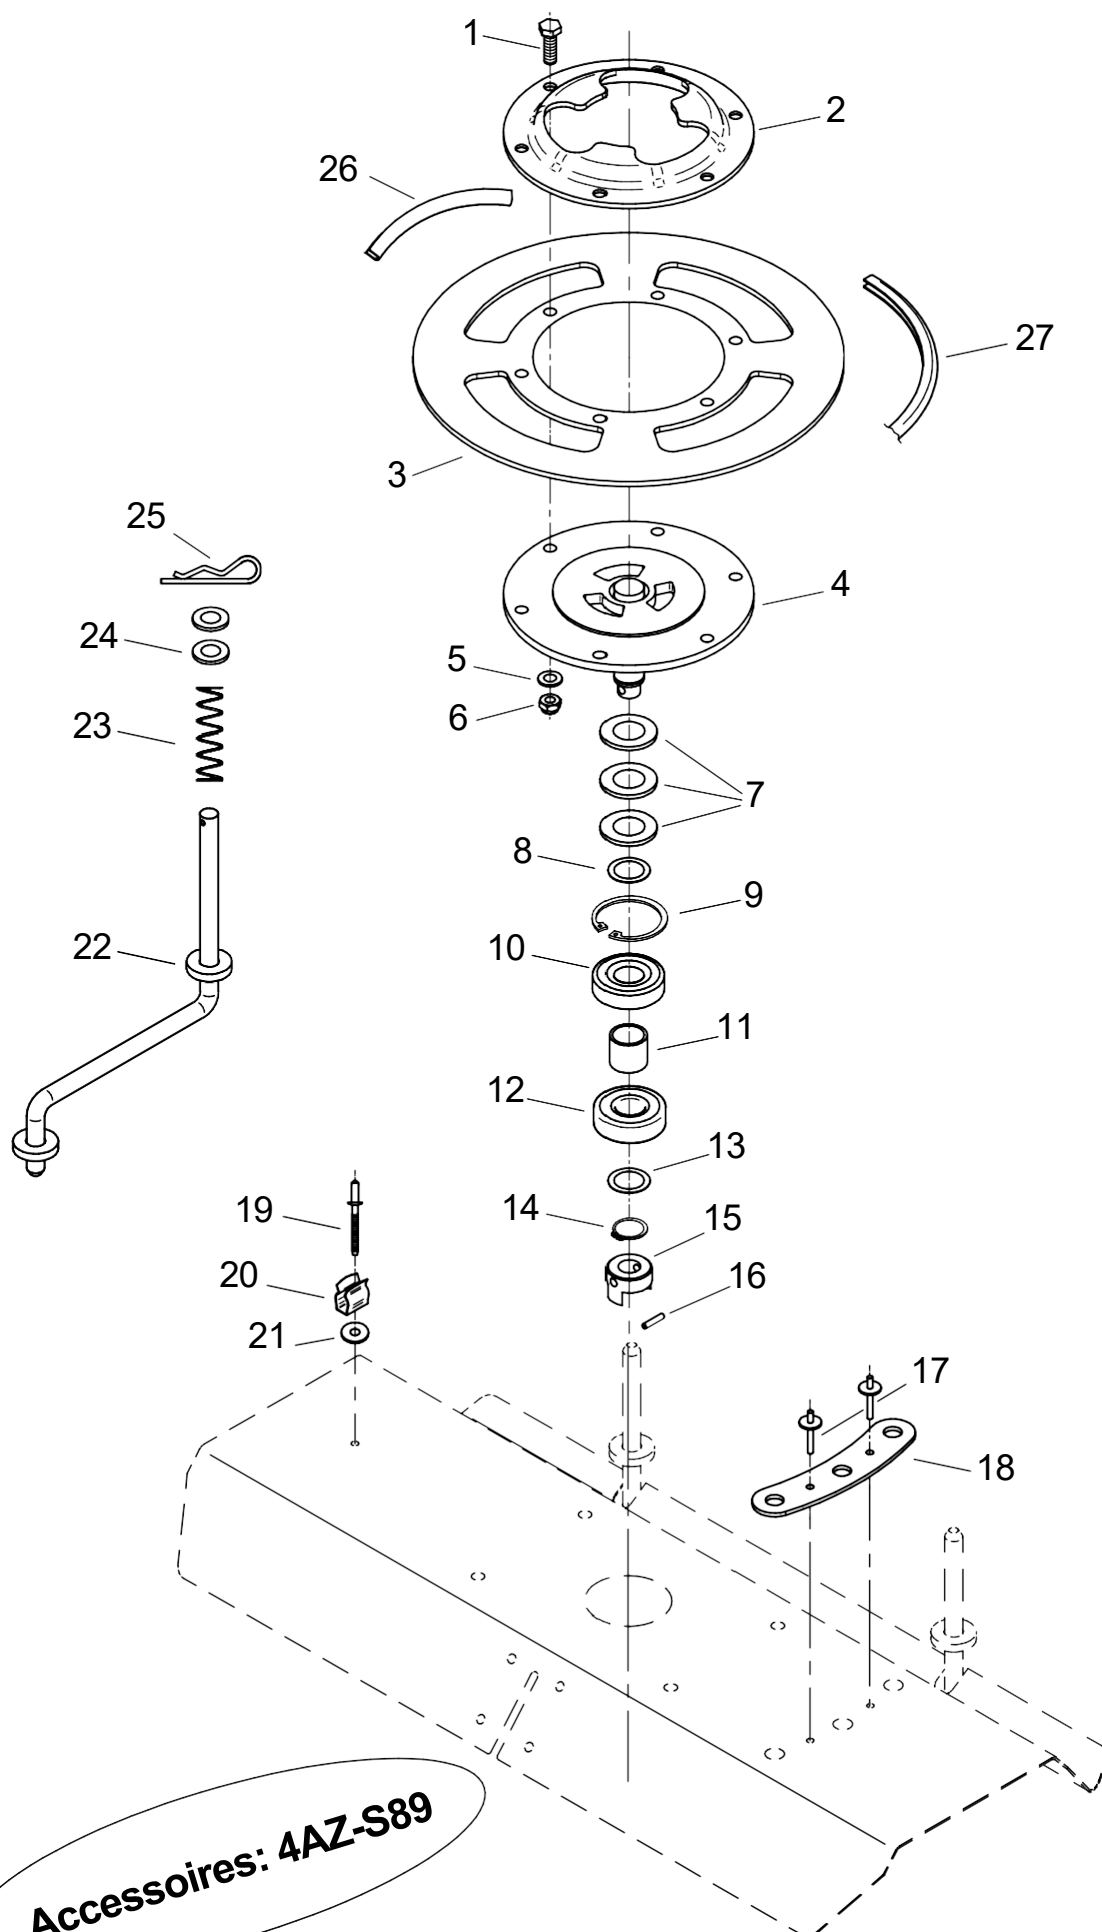

Figure 1 consists of two schematic diagrams of a circular arena. Diagram (a) shows a top view of the arena with a curved barrier. Six numbered points are marked: 1, 2, 3, and 5 are on the barrier, while 4 and 6 are inside the arena. Diagram (b) shows the same arena with dashed lines representing the movement paths of the subjects, starting from the center and moving towards the barrier.
