

# MEN VOLUNTEERS NEEDED!

*Ready to make a difference?*

Our hospice called Gift of Love is a small facility for about 6 patients (men). We mainly are in need of men volunteers that could help us to do night shifts (normally from 8:30PM-8:00AM). That usually consists in giving medicines during the night, depending on the patient's needs who are present at that moment.

It doesn't really require special qualifications, only the desire to serve the poor and to accompany them in the last moments of their lives. It is a very beautiful volunteer work and we have many residents who have completely changed their lives before death.

**IF YOU'RE INTERESTED TO VOLUNTEER, PLEASE CALL THE MISSIONARY SISTERS  
AT GIFT OF LOVE HOSPICE IN PACIFICA AT 650-355-3091.**
