

Peter Padding

Safe Environments for Children & Adults

TURNING EVERY SPACE INTO A SAFE PLACE

2025/26 EDITION

TURNING ANY SPACE INTO A SAFE PLACE

INSTALLATION ENVIRONMENTS

Peter Padding specialise in creating Safe Environments for Children & Adults. Our range of padding options allow us to offer you the solution you require quickly, cleanly and cost effectively.

We offer Made to Measure Safety Padding to make safe environments at a child or adults home, in Day Special Schools, Residential Schools, Day Care Centres, Nursing and Residential Homes or indeed anywhere where padding may be needed for safety.

Why Use Safety Padding?

- Less Restrictive Option
- Provides Freedom For The Client
- A Safe Place Outside Of Usual Enclosed Spaces
- Cost Saving
- Long Term Solution

Why Would Someone Require A Soft And Safe Room?

- Limit Risk For Client
- Reduced Risk For Those With Self Harming Behaviours
- Safety For Those With Learning Disabilities Such As Autism/ADHD

We supply and fit Tough Furniture Beds and Windows with our Padding if required, this limits inconvenience to the customer by ensuring the full room makeover is completed together rather than waiting for separate installations.

THE HOME:

- Full rooms, incorporating all doors, window reveals, radiators.
- Walls only
- Floor only
- Partial walls / floors
- Bed surrounds and headboards
- Doors and door frames
- Hard furniture
- Bathrooms
- Gardens

RESPITE CENTRES:

- Bedrooms
- Bathrooms
- Common rooms

SCHOOLS & RESIDENTIAL / NURSING HOMES:

- Bedrooms
- Bathrooms
- Time Out Rooms / Safe Spaces
- Sensory rooms and areas
- Story corners and one-to-one teaching areas
- Doors and door frames
- Wall padding (full or partial areas)
- Floor padding (full or partial areas)
- Columns pillars and posts / poles for indoor and outdoor use
- Projecting corners and obstacles in buildings
- Playgrounds
- Sports courts
- Sports halls
