

# THE SUPERINTENDENT'S SPACE

## School Improvement Goals

Each year the administration and school board look at the District's Comprehensive School Improvement Plan or CSIP. This plan was written in 2020 and a CSIP's life is five years. Although the current CSIP doesn't actually "expire" until 2025, the district has met many of the current goals. Therefore, administration and the board re-evaluated what other goals may need to be added and the steps to master them.

1. Work with parents to increase student attendance. The State Department requires districts to help students keep their attendance rates at 90% or higher. To reach this goal, each student needs to not miss more than 14 days of school.
2. Increase academic scores on the state assessment. The district is working to narrow in on academic weak areas of all students through iReady, DIBELS and MAP data. Then using a minimum of 30 minutes a day to work on those areas.
3. Continue to provide professional development for all our teachers on best teaching practices.

## Summer Improvements

We were busy, busy this summer.

1. Elementary building interior doors
2. Junior High bathroom floors (still in progress)
3. Faculty bathroom floor (still in progress)
4. New elementary hallway baseboard

**AND OF COURSE.... THE PLAYGROUND!**

We are still waiting on the remainder of the pour in play and installation of the new basketball poles and pickleball poles.

# PRINCIPAL'S NEWSLETTER

## Blast off with News

Hello! Welcome back to the 2023-2024 school year. We are off to a great start and settling back into the groove of our new routine, staff, schedule, and PLAYGROUND! Our theme this year is space, Renick Rams are out of this world!

Meet our new and new to their position staff members, Mr. Harris, fourth grade, Mrs. Huntsman, our second grade teacher, Mrs. Ashley lead preschool teacher, Mrs. Janet preschool paraprofessional, Mrs. Simmons jr. high ELA, Miss Sensenich jr. high science, Mr. Schumann jr. high math, Ms. Potucek art, Mr. Carlton band/music, and Mrs. Hill for our title reading. Also joining us is Mrs. Taylor Cranmer our Tiny Rams lead teacher. We are so happy to have these great staff members serving our students and school.

If you have noticed our schedule looks different. Prek-8th grade is receiving social-emotional learning (Strong Kids) each morning from 7:44- 8:04 a.m. The new curriculum is called Purposeful People. Then, the students go directly into RTI. RTI stands for Response to Intervention. During this time students focus on reading and math growth.

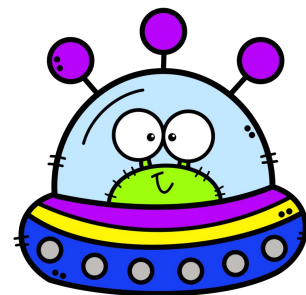

As always, if you have any questions or concerns, please feel free to reach out to me so I can help. You can reach me by phone at 660-263-4886 or by email at [drice@renick.k12.mo.us](mailto:drice@renick.k12.mo.us)

Thanks!

Mrs. Rice

## Comic Dust Facts:

- MAP scores are in. If your student attended Renick last year, your student should have brought home a hard copy. Please contact the office you would like another copy.
- If your student scored Proficient or Advanced on one or more subject areas of the MAP Test, they will be going on a field trip with Mrs. Rice on **September 29th, 2023**. Stay tuned for more information.
- First through eighth grade completed their first reading and math diagnostic tests. We use this data to drive our instruction and also to specifically apply the needs of individual students during RTI.

# School Nurse Newsletter

## Parent/Guardian Reminders:

- Please turn in any health related forms ASAP (permission to give over the counter medication form, any new allergy or asthma action plans).

## Fun Fact:

The human body has 270 bones when we are born but only 206 when we're adults!

## Health Office:

Welcome back to the 2023-24 school year! It's so great seeing all the kids and meeting the new faces :) I'm ready for a healthy, safe and fun school year! I will be starting health screenings mid September. I screen vision, hearing, height, weight, and blood pressure. It's so fun to see how much they've grown from last year! Permission for this is on the pink health form you signed during enrollment. I will send a copy home with your child when I finish everyone. My goal is to have them done by the end of October. I will call the parents of any child that has any screening concerns. If you have any questions please don't hesitate to reach out to me.

The school also received air purifiers for each room. I'm anxious to see if this cuts down on illness this year. As always, please encourage good handwashing techniques with your kid(s). That is the most important way to cut down on all the illness that back to school and then cold weather brings!

Megan Ferguson

# Tiny Rams

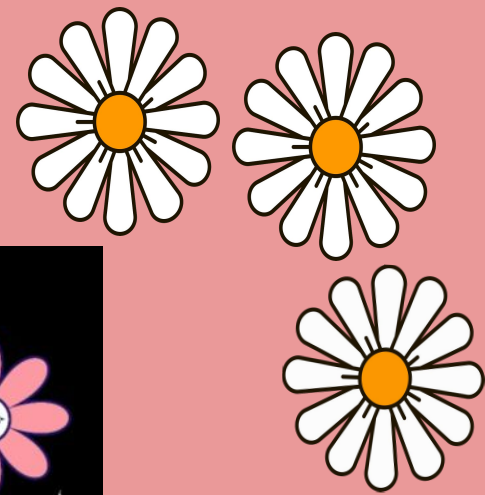

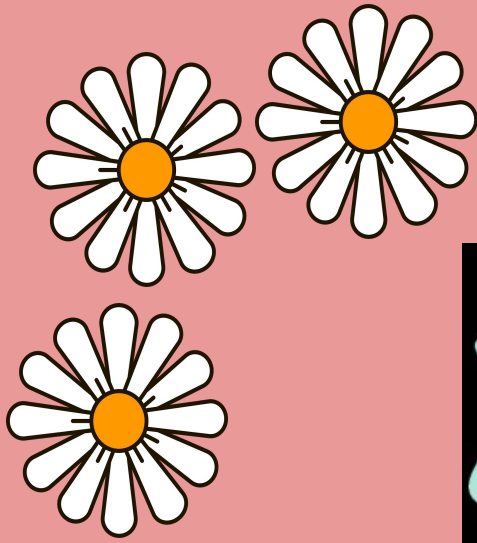

## WITH MRS. TAYLOR & MS. GERI

It's been a busy start for us here in Tiny Rams!  
We added a couple new Tiny Rams this school year! And  
are enjoying getting to know our new and old friends!  
We would like to welcome Reese and Kynsleigh as our new  
Tiny Rams this year, as well as welcome back Rosella,  
Lottie, Gabby and Cassie!  
We are so very excited about the new school year and look  
forward to a great year!

Tiny Rams have been enjoying the brand new  
playground, playdoh, coloring, singing songs and dancing!

Week 1-2: All About Me.

Week 3: Apples

Week 4: Shapes & Grocery

Also: Learning A-E, Working on Colors and Shapes, Learning how to share, Turn on our listening ears, walking vs. running, and so much more.

What the kiddos love about school so far.....

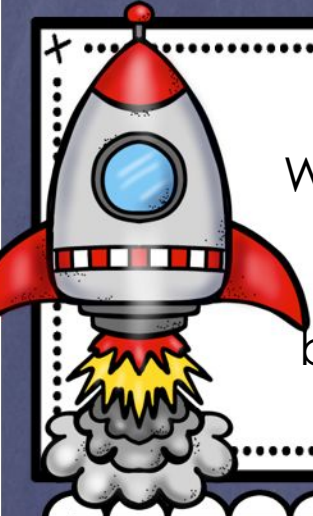

- \*Sullivan-Centers & outside
- \*Kehlani-Playing house
- \*Kenley-Playing farm animals
- \*Julian-Playing with Cars
- \*Logan-Singing songs
- \*Liam-Playing cars
- \*Grant-Cars in the sand
- \*Lizzy-Babies and kitchen
- \*Harley-Drawing and Building
- \*Holden-Going outside
- \*Mariana-House and outside play
- \*Wesley-Drawing and painting

*Everyone is getting into the groove of things. We are all having a great time. Mrs. Ashley & Mrs. Janet*

# Kindergarten News

## Quarter 1

### Reading

We are working on letter recognition and learning the letter sounds. We are practicing writing the letters. Mrs. Chick is reading back to school books and will soon be reading books about fall. The class is working on rhyming words..

### Math and Calendar

We are counting objects and writing numbers up to 10. In calendar, we are talking about the months of the year, the days of the week, the weather, and seasons.

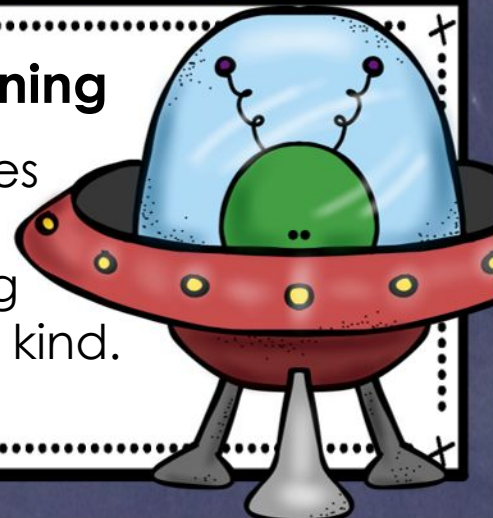

### Science

In Science, we are studying living and non-living things. We are also talking about plants and animals, their similarities and differences, and what each group needs to live.

### Social Studies and Social-Emotional Learning

In Social Studies, the class is learning about rules and laws and how important they are for everyone's safety. In Social-Emotional Learning we are talking about kindness and ways to be kind.

# Mrs. Viers

Monthly Newsletter  
From 1<sup>st</sup> Grade

Sept.  
2023

## Important Reminders:

### Missed Days:

When your child misses school, I will be sending home their missed school work. This work should be completed and turned back in in the same amount of time your student was gone. So if your child is gone one day, they have one day to complete and return their work. Thanks!

Please remember to check your child's folders inside their backpacks each night. They have been bringing home papers and school announcements every night. This will continue, so please send the folder back daily, but please keep their work!

Announcements: Sight words will be coming soon. Please be checking folders nightly!

This year, 1<sup>st</sup> grade is already working hard to improve writing skills. We have been working on letter and number formations, building sentences, and writing short stories. In Math, we have been learning a lot about adding numbers and small equations. Science class has been a favorite in 1<sup>st</sup> grade so far. We have been learning the parts of the plant and how they change and grow over time.

As always, if you need anything, send me an email and I'll be happy to help! Dojo is great as well.

[cviers@renick.k12.mo.us](mailto:cviers@renick.k12.mo.us)

# SECOND GRADE NEWS

## First Quarter

### A note from the teacher:

Hello!

We are off to a great start to our second grade year! We have been busy getting back into the routine of school and I have been lucky they have done a great job of doing this. Thank you to everyone for sending snacks on your days. Their bellies definitely appreciate this! As always, please reach out if you have any questions or need anything

Mrs. Huntsman

### Upcoming events:

- ☐ September 15 - Midterm
- ☐ September 22 Family Lunch/Early Out @ 12:40
- ☐ October 13 End of First Quarter
- ☐ October Parent Teacher Conferences

### Looking ahead:

MATH	FOR MATH WE HAVE BEEN WORKING ON MENTAL MATH STRATEGIES FOR ADDITION AND SUBTRACTION. NEXT WE WILL BE MOVING ON TO SOLVING ONE STEP WORD PROBLEMS.
READING	FOR READING WE WILL WORK ON WRITING A SUMMARY, IDENTIFYING SETTING, SENSORY LANGUAGE/IMAGERY, MAKING INFERENCES, AND VOCABULARY.
GRAMMAR	IN GRAMMAR WE ARE WORKING ON THE DIFFERENT TYPES OF SPEECH: NOUNS, ADJECTIVES, AND VERBS.
WRITING	IN WRITING WE ARE REALLY WORKING TOWARDS WRITING IN COMPLETE SENTENCES WITHOUT REMINDERS. WE ARE ALSO WORKING ON WRITING LEGIBLY AND SMALLER TO FIT IN LINES.
SCIENCE/SOCIAL STUDIES	SCIENCE WE ARE FINISHING UP OUR LANDFORMS UNIT. IN SOCIAL STUDIES OUR FIRST TOPIC WILL BE OUR COMMUNITY AND PARTS OF THE GOVERNMENT.

### Stay in touch :

Please allow for 24 hours for a response.

Class DOJO

# News from 3rd Grade

What a great start to a new school year!!! I have enjoyed getting to know these kiddos. I can already tell that we are going to learn a lot. Along with the typical subjects, we have spent some time discovering how to be a good learner and friend. We have practiced celebrating mistakes and being an active problem solver. Welcome to 3rd grade my little friends! - Mrs. Hammond

# Fourth Grade News

Mr. Harris

Hello! It is my privilege to be your daughter or son's teacher this year. After teaching elementary grades for twenty-six years, I retired in 2015. In the years since I have taught part-time or substituted, including parts of three years here at Renick. When the opportunity came along to teach here full-time, I didn't hesitate to say yes. I enjoy working with the people here very much.

My family includes my wife, Monica, who works at MU Healthcare in Columbia. Our son, Noah, is a senior at Mizzou studying film production. He is a proud member of Marching Mizzou. WARNING! I brag about him shamelessly. Our favorite times are when we are together.

Math

Social Studies

Our first subject of the day is math. We've started the year identifying large numbers using place value. We've now moved into comparing large numbers, determining which is greater or less. This will lead us into addition and subtraction of large numbers.

We have started the year learning about the different levels of government such as federal, state and local. In addition we have studied the roles of the executive, legislative, and judicial branches of the national and state governments. This week, we began studying the important historical documents such as the Declaration of Independence and the U.S. and state constitutions.

Reading/Writing/Grammar

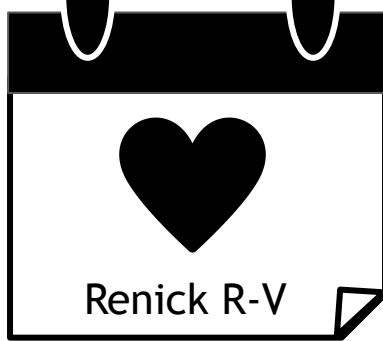

**Reading:** Our next subject each morning is reading. We begin each class reading a short story or article. Each day we look at something in particular from each reading. We have worked on identifying synonyms, finding the meanings of words with prefixes and suffixes, and identifying details from passages in the story. In our reading groups, the class chose to read either Cam Jansen and the Mystery of the Monkey House or The Great Gilly Hopkins. Beginning next week we will work on choosing the best books to fit our interests and abilities.

**Writing:** Our first topic for writing has been personal narratives. At first everyone thought this was hard. They didn't realize they had so many stories to tell. After two weeks of writing about different ideas, we have now moved on toward publishing finished stories. We have begun the process of revising our stories to get them just right. After they have been edited and proofread we will then get to make the final copies. I am anxious to see how they turn out.

Science

Energy, forces, and motion have been the topics studied so far in science this fall. We have identified that motion is a change in position compared to a stationary object. Forces are pushes and pulls such as gravity. When an object moves it requires energy from a force to start and stop. We're going to do a couple of cool labs to show how all of this works.

Questions about Fourth Grade E-mail me at [lharris@renick.k12.mo.us](mailto:lharris@renick.k12.mo.us)

The beginning of the school year can bring many changes and added stressors that can lead to struggling behavioral issues in students. If you are a parent of a child having trouble adjusting to the new school year, you are not alone.

- ***Child being Aggressive***

- ***Child is having a hard time making friends***

- ***Child is having trouble focusing***

- ***Child doesn't want to go to school***

# *Language Arts with Mrs. Simmons*

As most people know, Mr. Simmons and I welcomed our second baby girl on August 21st! Miss Bryer Simmons has been the perfect addition to our family. While I am out, Mrs. Seidel has been filling in for me and has been doing great so far! I look forward to getting back to school but for now, I'll be home with my baby. Nonetheless, please feel free to reach out if you have any questions!

My school email: [bsimmons@renick.12.mo.us](mailto:bsimmons@renick.12.mo.us)

Thanks!

**Mrs. Simmons :)**

While I have been out, we have been working on:

**5th:** Story structure, point of view, vocabulary and purpose of writing.

**6th:** Story elements, sentence structure, inference and using context clues.

**7th:** Understanding plot, “reading between the lines” and point of view.

**8th:** Understanding plot, character development and conflict.

# Miss Sensenich Science

I am so excited to be your science teacher! I grew up in the country near Brookfield, MO. I love my family, hunting, my dog Koda, the lake, and all things fashion. I can't wait to individually get to know and build relationships with every kiddo at Renick!

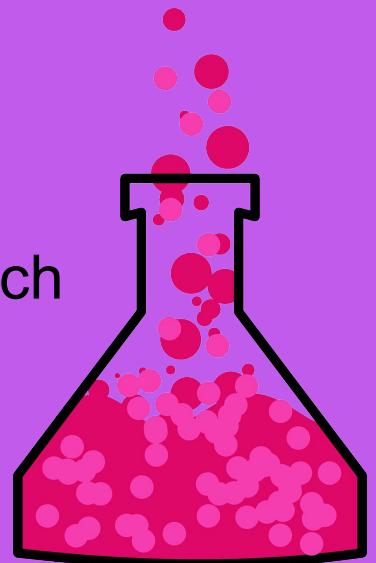

## Fun Facts:

- I will also be coaching 6-8th Grade Girls Basketball at Renick
- I was a 3 sport 4 year varsity letter at BHS
- I co-own an online boutique with my older sister
  - I am going to be a first time aunt in December!

During the first few weeks we have:

- Learned expectations
- Went over our class outline(s)
- Started on our first learning standards
- Learned so many new things about each other!
- Started our science notebooks

My email: [rsensenich@renick.k12.mo.us](mailto:rsensenich@renick.k12.mo.us)

Hello from Social Studies! I am so pleased that I get to see your kiddos every day!! Thank you so much to everyone for their continuing hard work and effort. we have the best students and families around!

This time of year, we recognize important days such as Patriot's Day and Veteran's Day as well as Pearl Harbor Day. All of the junior high Social Studies classes pause in their studies and spend a little time on those days working to understand the importance of remembering and honoring those who gave their time, their energy, and sometimes the ultimate sacrifice to keep our country free.

Fifth grade has done a beautiful job transitioning to junior high. They are just about done looking at the different regions of North America that the Native Americans lived in. Be sure to ask your fifth grade what the three sisters are. Next, we will take a look at some of the European explorers and their effects on North America after its discovery.

Sixth grade is continuing their journey through the Ancient world. we have examined the Stone Age. They really enjoyed our archaeology dig. we will soon be working on Mesopotamia. when we get to Egypt,, sixth graders will participate in things like pyramid building as well as a day of mummy making. It's always super fun-be sure to ask your 6th grader about the steps for making a mummy after we learn them!! :)

Seventh grade has wrapped up their look at Native Americans. we've just started looking at the European explorers and the results of their voyages. During this, I think the seventh graders will enjoy their simulation of exploring where they (as countries) went to find gold for the queen. I bet you can guess who that might be :)

Eighth grade has just about wrapped up our review of the unit on the Civil war. It is a lengthy one and we looked at the causes and some of the battles of the conflict. we really talked about the cause and effect of the conflict and how it echoed down the years even when it was over.

As always, feel free to contact me anytime via email or call the school and I'll get back to you as soon as I can!

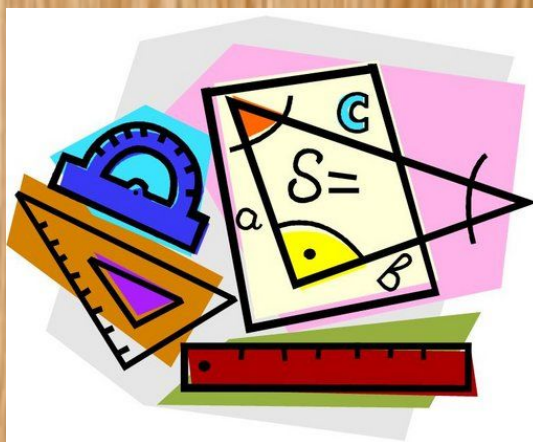

:) Mrs. K

skatcher@renick.k12.mo.us

## 5th - 8th Grade Math

I am very excited and greatly honored to be teaching math here at Renick R-V! I grew up down the road just outside of Moberly, and always enjoyed coming to Renick to play basketball, so to come full circle and teach here, is pretty special for me!

## Mr. Schumann

### Facts About Me:

I am one of five boys

I just celebrated my one year wedding anniversary

My wife and I are expecting our first child in November

I love to do woodworking in my spare time, along with deer hunting and fishing!

### What Have We Done So Far This Year?

- With each class we took the first day to create our classroom expectation “contracts,” where each student signed their own copy with me to keep.
- Each class took a Unit pretest, talking about each concept together after having great conversations about math!

### 5th Grade:

- We started Unit 1 “Whole Number Operations & Applications” in our books
- We just got through Lesson 1 over Volume with Volume Cubes
- We are getting ready to start Lesson 2, further expanding our knowledge on Volume.

### 6th Grade:

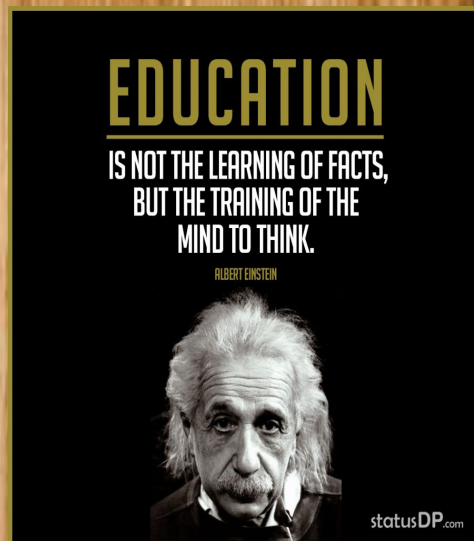

- We started Unit 1 “Expressions & Equations” in our books
- We just got through Lesson 1 over equations dealing with area of parallelograms.
- We are getting ready to begin Lesson 2 over equations dealing with the are of triangles and other polygons.

### 7th Grade:

- We started Unit 1 “Proportional Relationships” in our books
- We just got through Lesson 1 over solving problems using scale and ratios
- We are getting ready to start Lesson 2, further expanding our knowledge on ratios and involving fractions.

### 8th Grade:

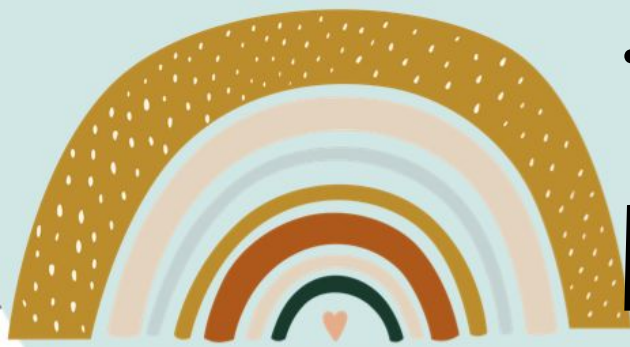

- We started Unit 1 “Geometric Figures” in our books
- We just got through Lesson 1 over rigid transformations and their properties
- We are getting ready to begin Lesson 2 over rigid transformations on the coordinate plane.

It has truly been a joy getting to work all the wonderful Middle Schoolers here at Renick and I look forward to watching them grow as the year progresses!

Mr. Schumann  
jschumann@renick.k12.mo.us

# Title I Reading NEWSLETTER

## Quarter 1

### Did you know?

From the time your child is born, reading out loud is a positive influence. As your child grows, daily reading will help the brain make connections between the written and spoken word, widening vocabulary in the process.

Starting in kindergarten, if a student reads 20 minutes a day at home, they will hear 1.8 million words per year. They will have read for 851 hours by 6<sup>th</sup> grade and on standardized tests, they will likely score better than 90% of their peers.

### Title Reading Info

During the first few weeks of school, your child took the I-ready diagnostic and Dibels benchmark. These give us an outlook at their strengths and weaknesses. Your child may come see me for additional reading help if needed. We look at teacher observations, testing data, and scores to decide who qualifies for Title I services. If your child qualifies, they will come to me for 30 minutes a day to help improve their foundational reading skills.

### ♥ Quote ♥

*"Reading should not be presented to children as a chore or duty. It should be offered as a precious gift."*

*-Kate DiCamillo*

### Important Dates

- September 19th-22nd - The Scholastic book fair will be set up at school! Students can shop in the mornings or after family lunch on Friday, September 22nd.
- Be looking for an official date soon, but we hope you will join us in October for our Title Reading night!

# **P.E. / HEALTH**

**Welcome back! I hope everyone had an exciting, fun-filled summer! I am excited to be here at Renick for my 12th year!**

**The elementary students will be having a lot of fun in physical education at the beginning of the year! First we will be introduced to our PE routine.**

**Then we will be learning how to stretch our muscles and bodies properly and why stretching is important. Next we will be learning and practicing our loco-motor movements. The kindergarten and first graders will be playing duck,duck,goose and the second through fourth graders will be playing a body space awareness game called 4-corners. We will also be playing a variety of tag games along with parachute games, frisbee skills, and football skills. Then we will finish the quarter and start the second quarter with 4-square. In October, the 3rd and 4th graders will also be having the fall portion of our physical fitness testing. Please make sure your kids wear tennis shoes on PE days. It will be a fun, exciting start to the school year!**

**In the first quarter, the junior high students will be busy moving in physical education. We will be playing an indoor kickball game called long base/short base and they will also be playing a game called 3-ball dodgeball. Next, we will be covering units in frisbee and football. In October, we will be having the fall portion of our physical fitness testing and we will be finishing the quarter with crossnet!**

**In health, the 5th grade will be covering a unit on understanding health and wellness. We will be learning why our health is important and how to take care of ourselves. The 6th grade will be covering a unit on nutrition. We will be learning about what we eat and how it affects our bodies. The 7th graders will be learning about tobacco and how it affects our bodies and health. The 8th graders will be starting a unit on body systems. They will be learning all about each system and how it works within our bodies.**

**If you have any questions or concerns, please email me at [mkropf@renick.k12.mo.us](mailto:mkropf@renick.k12.mo.us). Hope everyone has a great start to the new school year!**

**Coach Kropf**

## About Mr. Carlton

Hello, I'm Jared Carlton, your dedicated music teacher. I have enjoyed music and band since I played my recorder in the 3rd grade. I am thrilled to share my passion of music with the Renick community. This is my first year of teaching, as I graduated from Northwest Missouri State in the spring of 2023. I'm here to inspire, guide, and make every lesson a harmonious adventure. Let's embark on this musical journey together!

## Things we're working on:

### K/1

- Introducing Steady beat
- Quarter Notes and Rests
- The monthly Rhyme
- Hello Song
- Vocal Exploration
- Movement in music
- Bee Bee Bumble Bee

### 2nd

- Quarter Notes and Rests
- Movement in music
- Steady Beat
- Solfege
- Folk Songs
- Sasha

### 3rd/4th

- Quarter Notes and Rests
- Movement in music
- Steady Beat
- Solfege
- Folk Songs
- Sasha
- Tarzan the Monkey Man

### 5th Gr. Band

- Reading Rhythms
- Note Identification
- How to assemble our instruments
- How to take apart instruments
- First notes

### 6th Gr. Band

- How to warm up
- Reviewing Rhythms
- The Bb and Eb Scale
- Chorales
- Sight-reading
- Articulations
  - Staccato vs slurs
- Breathing

### 7th/8th Gr. Band

- Reviewing Rhythms
- The Bb and Eb Scale
- Chorales
- Sight-reading
- Articulations
  - Staccato vs slurs
- Breathing
- Preparing for NEMO auditions

# COMPUTER LITERACY

## MRS. DAY

### ELEMENTARY

Kindergarten: Students are learning to manipulate a mousepad and how to use the waffle to navigate google classroom.

1st Grade: Students are learning how to login to the lab computers independently. They are also learning about the parts of a computer.

2nd Grade: Students are learning the basics of how computers work and how to connect devices.

3rd & 4th Grade: Students are working on the basics of google sheets. They are learning how to input data and convert it into charts/graphs.

### MIDDLE SCHOOL

5th Grade: Students are learning the basic features of google docs through transcribing riddles.

6th Grade: Students are combining graphic arts and publishing features to create their own children's book.

# COUNSELING

Welcome Back!

Here is what we will be covering over the course of 1st Quarter:

- Getting back into a routine
- Classroom Expectations
- Self Awareness
- Respect

Respect is earned by action alone,  
not by self-gratification

-Paul Combs
