NEWS RELEASE: WATERMAN’S MUSEUM PARTNERS WITH WASHINGTON COLLEGE

Haven Harbour Marina’s Waterman’s Museum, Washington College partner for new program

WC's "Making History: Making Museums" program, as part of their Orientation Explore! for the fall 2021 semester, considers how public spaces of history, like museums, tell their stories.

A group of 15 students, their instructors, as well as members of the Rock Hall community and town museum board participated in a near two-hour tour, discussion and educational workshop. Students examined pre-selected pieces from the museum's collection, asked questions and shared amongst the group their object’s purpose and importance in the daily working life of the watermen of yesteryear.

After several more visits over the coming semester, the partnership will culminate with students digitizing their selected pieces on-site and constructing an interactive virtual museum tour which will be showcased online and made available for public use.

Haven Harbour Marina Resorts are award-winning boating destinations consisting of 350 premier slips, two full-service yachting centers, five-building inn and a wedding and events venue; all conveniently located on Maryland’s upper Chesapeake Bay in Rock Hall, Md. Founded in 1986, Haven Harbour has become one of the region's top maritime service providers, employing 50 experienced service technicians, craftsman, retail and administrative staff.
