

## Take Back Our Schools PAC

### School Director Candidate Questionnaire 2023 Primary

- Why do you want to serve on the school board?

My desire to serve as a School Board Director is purely to be of service to the parents and educators who rely on the role of the board. The school district in Camp Hill Borough is the centerpiece of the community and a large reason as to why our community is a desirable place to raise a family. Being considered for this position is as much of an honor as it is a fulfilling responsibility to the community and my own family. I am a grateful citizen of this exceptional community and am honored for the consideration to be a School Board Director.
