

FEET UP
SINCE 1976

KENT YOUTH TRIALS CLUB
www.kytc.co.uk

For youths from
6-21yrs

Talented Youths of the Future

Observed motorcycle trials is a skill sport where a rider manoeuvres a bike using throttle and clutch control all the while practising good balancing skills. The rider negotiates obstacles within a designated area called a section riding between coloured markers endeavouring to keep his or her feet up. The rider incurs penalties for footing or failing to fulfil other conditions.

KYTC caters for 6 to 21 year olds. Trials riding is a truly versatile activity for the whole family to enjoy as a spectator or as a competitor.

For more information about the club please check out our website.

The GSE group is unique. No other group of companies can provide as comprehensive a portfolio of skills and services to the building, civil engineering and construction sectors in the south east of England. GSE Plant Limited operate from Ashford and Gillingham with one of the most modern and well maintained hire fleets in the area. They also offer a plant repair service including welding to the customers own plant and equipment where the repair work can be carried out on site or in their fully equipped workshop.

Their fleet of hybrid tippers has been especially configured to cope

with the wide ranging demands of today's construction industry from bulk earth-removing to specialist gravel supply, the vehicles are fully equipped for site work with state-of-the-art satellite tracking ensures effective utilisation.

GSE continue to support Kent Youth in their construction of an arena trials demonstration/practice area at the Detling Showground. Kent Youth show their skills to the public at events at the showground. The Kent County Show will be our next demonstration event there on the 17th, 18th and 19th July. Come and watch us ride over even more rocks, 7 foot diameter tree trunks, a car and many other demanding obstacles. See the amount of work that has been done with the support of GSE Plant and Haulage.
