EDITORIAL

Our seventh section sees us into the second half of our first lap.

What marvellous weather we enjoyed for our Camping weekend. We hope you all had a really enjoyable time (Some more than others - eh Dick!) The highlight for all you boys must have been observing your Mum's BMX trial, and seeing your Dad's trying to ride your motor bikes. Let's hope they realize how difficult it is.

It was very nice to see some of our ex members and families join us for the weekend's fun. We know that there was obviously a few hangovers all round, but we feel sure that the whole weekend was a great success. We both thought that there was a great atmosphere all round.

We have a letter of thanks from Aylesford Primary School printed further on in the mag., also one from Pauline Waters.

We have to inform you all that the committee have decided that Annual Membership for existing members will be increased to £8. It has not been increased for a couple of years, so the committee feel it is justified. It is due in September, so we give you all fair warning and also to hand in your stamped addressed envelopes for your results and magazines.

A final word of thanks to Roy Carey for sponsoring our A & B National that we hosted in May. Very much appreciated by all at K.Y.T.C. Very many thanks Roy.

Happy and safe trialling to you all,

Your Roving Reporters

Carol and Sheila

CAMPING WEEKEND

TRIAL AT GREENFIELDS GUN CLUB

JUNE 25th 1989

After a good trial on Saturday for the boys, followed by the Mum's BMX Trial and the Dad's trial the sections were reversed more or less for Sunday.

The ground lovely and dry in fact, so dry and dusty in places it was nearly as slippery as when wet. Cliff with the help of Dave and Robin Tappenden set out 10 sections, ridden 4 times.

Section one observed by Cathy Bird and Kerry with the help of Sharon Baldock and Adam. This was over at the side of the field in the gully. Difficult start for experts into the gully through two trees over a stump around through trees back down into the gully and out. Ashley and Graham the only experts to clean this section. James Hickmott on C route had a nice clean here. In D class Mark Baldock and Richard Morsley had cleans every lap. We both sat here and had a chat to Adam Baldock, brother of Mark. He told us he much preferred Moto-cross to trials. Think we have a budding star here. What a character this young man is.

As we strolled up to Section two we found our every happy smiling Roy White, very happy to talk to us as we didn't have MIKE with us today. He didn't seem to have much of a hangover, told us, 'No hangover today due to the awful headache on Saturday morning!') Obviously he had a hectic Friday night. The only man he had was this awful snoring this morning, couldn't make out who it was. His section again using the gully through trees over logs. B.J. Waters cleaned this every lap in experts, Craig Dean, Wayne Riorden and Jay Grossmith in Novices cleaned every lap. Neil Thompson on the beginners went through clean every lap as well.

Walking our way through the parked caravans and tents, we had a chat to Valerie Morsley, decked out in her Bermuda Shorts, who is now looking very well. We came across Sandra Allen with James, sitting with Diana Bird, thoroughly enjoying

the sunshine, laying on a sunbed was Margaret Tappenden, fast asleep getting a marvellous tan, the only problem for everyone else was her snoring and dribbling. We managed to wake her and inform her that the snoring could be heard over on section two. We still don't think she believed us!!

As we mingled and mungled through the tents and caravans, we awoke Dick Hickmott out of a deep sleep and came across Jim and Cheryl Wallace and Rosa. They were keeping the KYTC flag flying for Alcoholics anonymous. Jim also gave us a display of Gymnastics while we were here. Emmy and Scruff were enjoying the sun as well, Emmy reckons that all we do is talk. (She definitely has got that wrong!!)

We gathered ourselves together and made our way over to the woods near the road to find Section 3 observed by Keith and Denise Floyd and Sarah. They were just down for the day to collect Jason's trophies. Enjoying the beautiful weather and the trial. Very nice of them to observe. Using the stream and bank, quite tricky for some riders. Mark Smith dropped a one here, Paul Hewitt in A class rode through clean on two laps, Harley Stephens in B's cleaned the section every lap, Oliver Ayres cleaned this section before retiring. We baulked Neil Thompson here at this section, as he almost got rid of your Roving Reporters, We know that some people might think this would have been a shame, (others different) Never mind Neil, we're still around and driving everyone mad.

Over to Section 4. Where we found Roger Bird observing. He was happy we had no 'MIKE' with us. Andrew camped on his own, Roger and Diana couldn't face it. He told us very difficult for experts, Ashley and Graham cleaned but also dropped points as well. Michael Nutbrown dabbled for 2 here. Stuart Bridges dropped 1 here on lap 1. Lee Mc Roberts in Clubman cleaned every lap. Blue route very easy, Reds need courage. Simon Bird riding his new Pantic rode clean every lap. Beginner Stephen Craig rode a nice clean here. We spoke to Stuart Gilbert here, he told us he thoroughly enjoyed the dad's trial, wished it could have been longer.

On to Section 5 observed by Helen Ayres, who told us her feet were feeling tired Enjoying the weekend, stiffling the first day, but very happy with it all.

We were both very pleased to see that her arm is much better now. She told us she enjoys the magazine. This was the bowl section which we know all the boys enjoy. In experts Jonathon Allen and Toby Brice had good rides here, Robbie Nutbrown in B class had a nice clean here. Duncan Spooner in C class dropped 3 here before retiring. Toby Pearce on his first C class ride rode very well to only drop 1 here before retiring.

At Section 6 we found Roy Bridges. He told us he had camped. We told him 'like the shorts, nice legs, shame about the helmet'. He said it was a good weekend, very pleasant. He takes trials very seriously, no drink at all, no food and no sex and that's Stuart. This was a long section for all, pretty tricky. On blues, Ricky Bromley rode clean every lap, James Micknott went clean, David Gilbert also rode clean here. In D's Sebastian Ayres dropped 3 here. While standing here certain older members of the club (no names mentioned) managed to reach the top of the hill but decided to leave their bikes and slide right down to the bottom. Roy told us before we moved on that he was very disappointed with the Dad's trial as he was the only one to ride in full attire. Everyone else should have been disqualified!

Further along we found Graham Riorden on Section 7. He didn't camp, no booze up, can't afford to drink, Tee-total. That's what he said. Quite a good section, through overhanging tree, quite difficult for experts, Ashley rode through clean every lap. Saw Toby Brice ride this section well only dabbed twice. Quite a punisher for Aldo, as he had a nasty bang on the tree. Graham told us he reads all the rag, saying this with all honesty. While here, we spoke to Chris Nutbrown, she obviously is getting very interested in trials. Beginning to enjoy it all. Nice to see you Chris. Also had a long chat to Cliff, our clerk of the course, he told us Dave, Sandra and James stayed overnight at his place. He was up to 3 a.m. Sunday morning talking to Dave. and then cooked breakfast for everyone, he said Dave wouldn't get up until 8 a.m., not a minute before. Can you all imagine your clerk of the course in his frilly apron cooking breakfast, picture it if you can! Seriously though, he thought the trial had turned out well, and he hasn't the courage to camp as he is scared the boys might get their own back.

Section 8. We found Pip 'Squeak' Bromley observing. He told us he had had a very good weekend, feeling well, no hangover (different to last year) He thought it was a very good trial, he had a very long section here, keeping him on his toes. Ashley and Graham only, clean on expert route. On C route Craig White and James Wallace rode very well here for cleans. Matthew Foreman also cleaned here before retiring.

After clambering up the hill and down through the trees we found Emmy and Trevor Smith observing Section 9 with Scruff. Both had camped for the weekend. Trev said 'I do not like camping' Emmy told us 'what I would like to do to our neighbour camper Dick for shaking our caravan is -----*****-----*****' but she enjoyed the wild strawberries that she had found and shared them with Stevie. Both thought the atmosphere was good. Riding of boys over the weekend ever so good. On expert route Andrew Bird rode here clean, and Adrian Howard on his first expert ride dropped a 2 here. Mark Baldock riding his new Honda rode this section clean every lap. While here, Toby Brice showed us his new hairdo. Trevor said 'Toby has been riding like a one legged camel' his reply to that was 'at least I haven't got legs like a camel' end of section.

Running along up to the steps at our last section of the day, we found Carol & Mick Newbery observing. We just beat Jim Brice there, who was the back-marker. It proves we don't talk very much, it only takes us all day to get around the sections once. Carol and Mick said they had had a very enjoyable weekend. Definitely tee-total as are Robin and Margaret Tappenden. Mick told us Margaret nearly set light to the caravan, but that's another story. Good section here, Alex Bird riding D's rode very well here. Stephen Dunk rode clean on C's here. We watched Ashley the last rider of the day go clean. Jim Brice told us he thought it had been a good weekend all round.

Our thanks to Cliff, Dave and helpers for setting the sections. To Robin Tappenden for getting observers and helping. To everyone who observed, took part on both days, to all Mum's and Dad's for giving the boys a laugh, to all ex-members, nice to see you, to Mr & Mrs. Greenfield for allowing us once again to use this wonderful ground. We're sure that you will all join with us in saying a big thankyou to all concerned.

Winner Gavin Cooper Trophy - best novice - Wayne Riorden.

Bern.

LETTERS BELOW, FROM AYLESFORD C.P. SCHOOL AND PAULINE WATERS

Dear Mrs. Jarvis,

I would like to take this opportunity to say how much everyone enjoyed the club's display at our Fete last Saturday and should be grateful if you would pass our thanks on to all your members who were involved in organising and putting on the display.

Yours sincerely

Mrs. L. Kahl.

Dear Dave,

Please would you pass on my thanks to all club members for the beautiful flowers I received on the birth of our daughter. I did think at first that they were from Phillip, no such luck!

Sarah is, at the moment, a beautiful petite little girl, but no doubt if her father has anything to do with it she will be riding a bike before she can walk.

Thanks again for your kind thought. Hope to see you all soon

Yours,

Pauline Waters.

CHAIRMAN'S CHATTER

To start off this month, hope you all enjoyed your Camping Weekend.

Thanks to Bernie for standing in on Saturday, what a great weekends weather, same again next year please.

Everyone must be impressed with our riders in the National rounds. Ashley's bid for the 'A' class title requires another couple of brilliant rides that he is quite capable of doing. Graham's 'B' class title looks a sure thing as no one seems to be able to beat him.

Ricky Bromley's chances may not be so good this year, but he still has another year in this class, so we hold high hopes for him next year. Stevie Dunk on brilliant form is now in third place and has a good chance of moving even higher.

Not only our high flyers have supported the National rounds. Many more riders have competed gaining valuable experience and respect in areas where trialling was traditionally dominant.

Not so many years ago it was thought to be impossible to master the art of rock riding if you spent most of your time on southern mud, but now it seems those basic skills everyone has worked so hard to master apply everywhere.

I would like to wish the best of luck to those riders chosen to defend the inter-centre team trial this year, I am sure it will be kept in the South East for many years to come.

Keep those feet up

Dave

ARENA TRIAL AT WOULDHAM VILLAGE FETEJULY 1st 1989

After a showery start to the day, we were very luck the weather stayed dry for our Arena trial at Wouldham. Dixie with the help of Brad and Pete and numerous helping hands set out a very good course for both Easy and hard routes.

Our usual Bunny hop observed by Stuart Gilbert, catching many out on the hard route, then along to our ever faithful Kent Youth Trials car, observed by John Reid. On to the double see-saw observed by Mrs. Bergerson, turning into the arena over the cotton reels observed by Brian Dunk. The five barrels next observed by Mr. Wilson and on to our lovely spring zebedee observed by John and Cathy Bird. Onto more more barrels observer Pip Bromley, then into the limbo, observed by Juliet Mc Roberts, going over the four pyramids in a taped off square observed by Brad Grossmith, and last of all the jump. A good ride by all the boys, some obstacles more tricky than others.

It was nice to see Andrew Wilson back riding his bike having just had the plaster removed from his leg. He rode the easy route as to allow him to get back into the swing of things. He in fact managed very well, so lets hope we see him back at the trials, riding with confidence again.

Another superb comentary by Ross, not an easy task by any means. Thanks to all riders and parents who turned up on the day and gave their support.

S.E. CENTRE ROUND 4SHEPPEY JULY 2nd.

With the wind coming off the sea, a cool breezy start to this trial. As the day went on the sun decided to peep through, but at least it remained dry. Although the ground used by the Sheppey Club is limited, full use is made of this. Sections were quite tricky for all classes, a selection of twists turns, climbs over rocks, concrete blocks, even walls that even A & B class had to negotiate as steps to jump over. Rubber tyres laid out as a section managed to take points from our Graham. Even Ashley lost a silly five on section 7. Although a smaller area to what we are used to most of the time, a tricky but testing trial for many.

Another good ride for our A & B champs Ashley & Graham, both winning their classes. Ricky Bromley decided to have a day off and go fishing, hope he caught quite a few. So a good win for Owen Webb in C class. B class was a close fort battle with Stevie Dunk and Dean Heathfield from the Sheppey club, both finishing on 10 points lost. Stevie winning it on the furthest ridden before dropping points. It was nice to see boys from Sheppey club riding this trial as well, as so far most of these S.E. Centres seem to only be ridden by K.Y.T.C. riders.

RIDERS REPORT

SATURDAY TRIAL-CAMPING WEEKEND

The first trial of the Camping Weekend proved quite hard for a 'fun trial'. The weather was lovely for spectators but not quite so favourable for the riders. Cliff set out 10 demanding sections which were to be ridden 4 times. Some of the sections had very hard bits incorporated in them. Number 3 for the experts had a nasty looking step in it. The fact that it was so hard was due to the way you had to ride it. Coming down a small ledge and then having to accelerate whilst the back wheel was still coming down. Many bikes were sent uncontrollably up into the air on this Section. Graham really mastered this section clearing it twice and having two ones.

Well, back to the trial. The novices were set out very well. Craig Dean took the premier losing just 29 marks it's a shame that it didn't count! He was very closely followed by Harley Stephens only three points behind on 32. The C class was set quite hard but Ricky found it easy, dropping just 6 marks over forty sections. Second to Ricky was Simon Bird who had a fine performance losing 54. In the D class Richard Moreley battled with Mark Baldock, Richard was the victor by one mark. They both had low scores of 9 and 10.

It was nice to see some old faces riding again in the Ex-Members class. Martin Stevens won riding his new Beta, he lost 62 closely followed by Jon Martin riding his new Gas-Gas coming second on 70. Third was Martin Noble on 73.

Later on in the day it was the turn of the older and more experienced riders to show their sons just how to ride. They looked so confident going around with fags in their mouths and wobbling like jelly. In fact they rode well. Mr. Baldock showed just how professional he is by completing the course for the loss of a single dab. Well done! He kindly let the award go to the second place man John Bird who only lost two. Next came Pip losing 4. Lower down the list of placings were riders like Jim Wallace, Phil Waters, Dave Allen (who couldn't even ride the correct way through the ski poles on section ten. I think he needs a new bike!) John Reid (not dressed up in his kilt this time!) Roy White, Roy Bridges, Cliff Jarvis (who was experiencing his sections for the first time!) Pete Howard, Dixie Dean, Dick Hickmott, Bernie Nutbrown, Roger Bird and the last on the list Mr. Williams who through

great skill and perseverance received the famous, 'WORST DA AWARD' well done to all who took part.

Next it was the turn of those brave ladies who endeavoured to ride the same sections but on push bikes! This proved rather difficult with only Glynis completing a full lap. Most of the other riders just did the first three sections which was still an achievement. Once again thank you, and well done to everyone who took part. Now I'll hand you over to Michael.

Jonathan

SUNDAY

KYTC ANNUAL PHS UP

Sunday of this event, started when we found Dick on his deckchair in the middle of the field after a happy night on the drink.

- Section 1. This was a very tight section that was catching many experts out. Novices C & D's had no problems.
- Section 2. Also a tight section but was fairly easy. Rideable for all.
- Section 3. Also very hard and caused many problems for novices and experts.
- Section 4. Was tricky for experts, but fairly easy for other riders.
- Section 5. Was hard for novices but fairly easy for other routes.
- Section 6. Again, hard for experts but quite easy for all others.
- Section 7. Very tricky for experts, catching many of them out.
- Section 8. Quite hard for novices, but reasonably easy for all other classes.
- Section 9. A reasonable section for all riders.
- Section 10. Hard course for everybody.

Thanks to Cliff and Dave for making the weekend a success to Glynis for all her hard work. Happy Birthday Rose for 4th July (heard rumours that your not really 21, personally, I don't believe it)

K.Y.T.C. CODE OF CONDUCT

1. Sending entry in on time before the closing date, to help the Competition Secretary.
2. No engines must be run before the Trial starts unless asked to do so by an official, or before signing on as you will not be insured.
3. Sign on at the Caravan with parent/guardian.
4. Riders should start the Trial at the section that is the same as their LAST riding No. i.e. 77 starts at section 7. They ride to the end of that lap, then go from sections 1 to 6, before changing their card. The subsequent laps must start at section 1 and be ridden in number order.
5. Riders must wear helmets and boots and have their arms covered. Gloves are not a requirement but are advisable.
6. When a rider arrives at a section, they should give their score card to the observer.
7. If you are not sure of your route on a section ask the section observer, as going the wrong way will result in a 5 penalty.
8. Do not enter a section before being called in by the observer.
9. After riding the section WALK back with your card, as riding back into the section may cause a 5 penalty.
10. Score cards must not be held in your mouth.
11. Riding after the Trial is not allowed unless permission is given by the Clerk of the Course.
