Hi Riders !

Trial at Boxley Oct. 17th.

Once again the rain clouds flew over the horizon and KYTC basked in sunshine. We had a fantastic turn out, and two young men who joined us from Essex School boys for the day were rewarded for their long journey by taking 2nd and 3rd places in Class B, so pleased in fact they have now become members of the KYTC. Although we will be holding our next trial at Boxley, we shall not be using this land very often in the future, because we have some good news later in the letter.

Don Cuckow and Bob Simcock were pleased with the trial, also that you had taken notice of the comments they had made previously. The only black mark you received was a very important point that I hope you will read and remember for our next trial.

Practice at Canterbury Oct. 24th.

On sunny Sunday in the wilds of Canterbury the KYTC committee members celebrated with a vintage bottle of champagne (Donated by Brian Prior - Chairman) the good news concerning obtaining permission from a local resident the use of his land for our trial meetings. This was largely due to a great effort by Nancy Morris and I know we would like to thank her most sincerely. We shall be holding our first trial there early in December. Don and Bob laid out a few sections and by the end of the day it began to resemble a trial lay-out.

Everybody who attended the practice agreed we have ourselves a great trial ground. I think this is a good time for me to add a small reminder that could help a great deal. When you arrive at 10.30 a.m. Don and Bob have been out with the morning dew laying out sections and erecting signs to make sure you don't lose your way. What a nice gesture it would be if at the end of the trial you ask Bob or Don if there was anything they needed doing before you went home, so, as they might have been the first there, they need not necessarily be the last home. (Thanks Boys, I knew I could rely on you).

THIS IS YOUR LIFE.

POEMS.

Well done ! You do read the letters, well the mums do.

The Litter.

It is too late the farmer said
I've had to put the cows to bed
One is in a proper caper
must have been a toffee paper
I wouldn't dream of giving you
Cattle cake on your menu,
so why leave bits and pieces
that dogs and cows and mites
can feed on with delight
and give the farmer one big fright
it doesn't really hurt you know
picking up litter just to show
you have enjoyed the day and so
pick up your litter before you go
Thank you most sincerely
we love to have you really.

Nancy Morris.
