Burk's Falls and District Fire Department

No Daytime Burning permitted between 10 am and 6 pm from April 1 - October 31.

For fire ratings and outdoor burning regulations please visit our website at www.armourtownship.ca/fire-department.

Everyone has the responsibility to keep their families and homes safe from fire and carbon monoxide. The best ways to do this are to:

- Take all reasonable precautions to prevent fires from starting.
- Install and maintain working smoke and CO alarms on every storey of your home and outside all sleeping areas. Not only do smoke and CO alarms save lives, they are required by law.
- Plan and practice a home fire escape plan so everyone in the home knows exactly what to do should the smoke/CO alarms sound in an emergency.
- Have fuel-burning appliances serviced annually by qualified service technicians.

For any questions or concerns, please do not hesitate to contact us.
