**Public Notice: Severe Weather Event Ended & Ongoing Road Repairs**

**To all residents and visitors of Armour Township:**

Please be advised that the severe weather event and emergency road response for our area are now declared officially ended.

While the worst of the conditions have passed and standard maintenance is resuming, our Roads Department is still actively completing repair work throughout the municipality. Crews are heavily focused on restoring damaged infrastructure, specifically focusing on **shoulder repairs** and **drainage system repairs**.

**What to Expect:**

- **Active Work Zones:** You will continue to see heavy machinery and work crews operating on various roadways.
- **Reduced Speeds & Road Closures:** Please slow down, follow all posted signage, and yield to workers and slow-moving equipment.

We extend our deepest gratitude to the community. Thank you for your continued **patience, cooperation, and assistance** as we work to fully restore our infrastructure to top condition.

---

Issued By: David Creasor, Roads Supervisor  
David Gray, Chief Administrative Officer
