

Dear Parents, Carers, and School Community,

As we wrap up the final day of Term 2, I want to take a moment to look back on what has been a truly fantastic first semester. Our students have worked incredibly hard, achieved great milestones, and brought so much energy and joy to our school every single day. I am immensely proud of their efforts and the dedication of our wonderful staff.

A Spectacular Worker's Day!

We finished the term on a high note today with our Worker's Day celebrations! It was wonderful to see our school community come alive with students and staff dressed up as workers from a huge variety of industries. From construction workers and chefs to artists and office executives, the creativity on display was outstanding. We kicked off the day with a beautiful whole-school assembly where everyone had the chance to parade and show off their costumes. The atmosphere was filled with pride, laughter, and support as we celebrated the different roles that keep our wider community moving. Thank you to all the families who helped put together such fantastic outfits for the day!

Holiday Highlights: Alice Springs Town Council Program

If you are looking for fun things to do with the family over the break, the Alice Springs Town Council School Holiday Program is running throughout the holidays. There is a fantastic range of activities on offer for all ages over the next three weeks, making it a great way to keep the kids engaged and active. Further down in this newsletter, we have included a QR code that will take you directly to the online holiday calendar and program details. Be sure to scan it and check out what's on across town!

Looking Ahead to Term 3

I wish all of our students, families, and staff a safe, happy, and deeply restful holiday. Take this time to relax, recharge, and enjoy quality time together. Please note that staff will return for a Professional Development day on Monday, July 13. **Students will officially return to school on Tuesday, July 14**, to commence Term 3. Thank you all for your continued support, partnership, and dedication to making our school such a vibrant place to learn. Have a wonderful break, and we look forward to seeing everyone refreshed and ready for an exciting Term 3!

Room 15

Welcome to Room 15. We are a, "Can do classroom," where we work hard while having fun. We are a class of 8 students and 3 teachers based in a satellite classroom at Sadadeen School. We enjoy learning through participating in a variety of activities.

This term in science we have been learning about the Seasons. We explored observable changes in the weather, landscape, and sky across the four seasons. Focusing on how these natural phenomena influence daily life, including clothing choices and outdoor activities.

To supplement our science lessons on seasons we have enjoyed listening to songs and watching videos about seasons. To develop our understanding even further we have also completed art and craft activities including painting day and night pictures and autumn trees, investigating creeping colour rainbows, creating collage trees to represent how a tree changes during each season, exploring shadows using shadow puppets we made and colouring and cutting out rainbows.
