Cremains & Print in Glass

Touchstone 96-041

For those who prefer, the Touchstone is also available without cremains, preserving the fingerprint impression alone as a meaningful keepsake. Available in Lavender, Aqua, or Clear. *Patent #11,051,591*

Sapphire Memory Stones™

We create a one-of-a-kind lab grown Sapphire Memory Stone™ that honors your loved one by transforming their cremains into a lasting symbol of love.
Through our proprietary process, your loved one's cremains are exposed to extremely high temperatures, similar to the conditions deep within the Earth where natural sapphires are formed. During this transformation, the cremains take on a beautiful blue hue, becoming a genuine Sapphire Memory Stone™.
Sapphire is the second-hardest material on Earth, surpassed only by diamond, making it a powerful symbol of strength, endurance, and eternal love. Each Sapphire Memory Stone™ is uniquely crafted, just as every life is one of a kind. Pendants include satin cord. Pendants available in Sterling Silver or 14k Gold Setting.
Rings available in Sterling Silver or 10k Gold Setting.
