Prices subject to change without notice.

The goods and services shown below are those we can provide to our customers. You may choose only the items you desire. However, any funeral arrangements you select will include a charge for our basic services and overhead. If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.

PROFESSIONAL SERVICES

Basic Services of Funeral Director & Staff $2,995

This fee for our basic services includes, but is not limited to, staff to respond to initial requests for service; arrangement conference with family or responsible party; filing of necessary death records, authorizations; and permits; placement of obituary notices; planning of funeral arrangements; and coordination with clergy, musicians, cemetery, crematory, vault companies, and others as required. Also included in this charge are overhead expenses such as professional licenses, insurance, maintenance, utilities, secretarial and administrative expenses, and equipment and inventory expenses. This fee for our basic services and overhead will be added to the total cost of the funeral arrangements you select. This fee is already included in our charges for direct cremations, immediate burials, and forwarding or receiving remains.

Embalming $945

Embalming is the scientific preparation and sanitary care of the body for the protection of public health by state licensed professionals. Except in certain special cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it such as direct cremation or immediate burial. It is our policy to require embalming when it becomes a practical necessity for health and/or aesthetic reasons, and for public viewings. Such necessity is determined by specific circumstances surrounding each death.
