

CASAMBI DIMMER - 808948

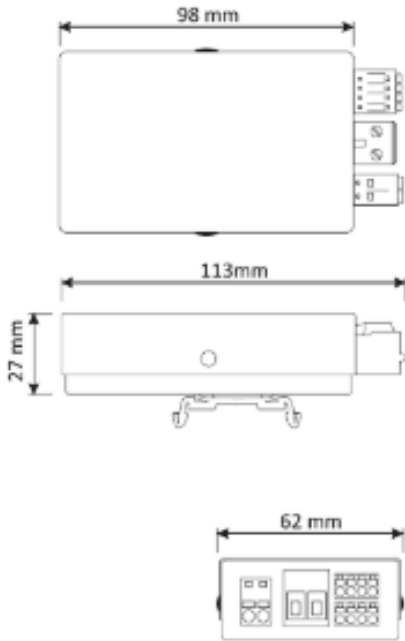

DESCRIPTION

Extra low voltage 4-channel LED dimmer for convenient operation with smart devices. This 4-channel dimmer can be configured by choice of profile such as TW, RGB, 1,2 and 4 independent channels. PMW frequency is also adjustable.

Part no.	CASAMBI DIMMER - 808948
Power supply input	12-48VDC
Radio signal	2,402-2,483 GHz: 8dBm
Alternative control	Push Button DALI
Max output power at 12VDC	52W per channel, 211W total
Max output power at 24VDC	105W per channel , 422W total
Max output power at 48VDC	105W per channel, 422W total
PMW Frequency	122-976 Hz
Temperature	-20- +40°C
Rated Max temperature	85°C
Degree of protection	IP20

DIMENSIONS

113x62x27mm
