

SWAC-L-CSB-10A

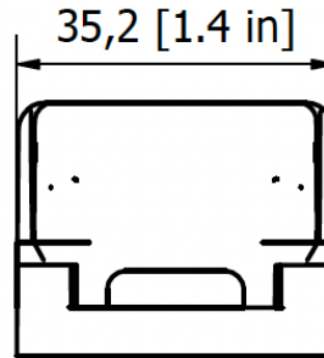

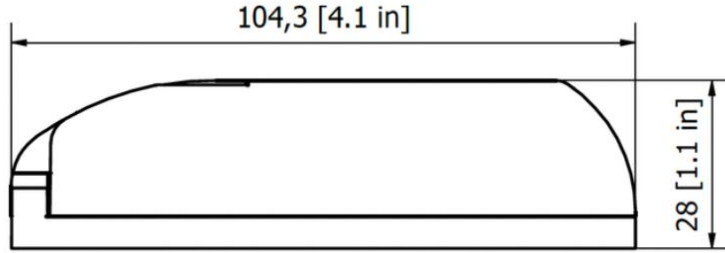

DESCRIPTION

The SWAC-L-CSB-10A is a switching relay with CASAMBI integration, allowing a circuit load to be switched on and off through the use of the CASAMBI app.

Part no.	SWAC-L-CSB-10A
Voltage range	120-277VAC
Frequency	50-60Hz
Max mains current	20mA (excluding relay load)
No-Load standby power	<800mW
Weight	64g
Max output power	0°Cto +50°C
Max case temperature	+75°C
Wire range	0.2-2.5mm
Wire strip length	5mm
Degree of protection	IP20

DIMENSIONS

103x35x28mm

SPECIFICATIONS/KEY FEATURES

- . Single addressable switched circuit
- . CASAMBI Enabled
- . Wireless Beacons
- . Remote antenna configuration available
