

## DESCRIPTION

The VBA-RCS8 is a wireless, long-range, CASAMBI-enabled controller that brings huge flexibility to interior design as the device doesn't require wires. This switch can also be kept wherever the user wishes and gives them direct access to all the CASAMBI lighting control functionalities.

Part No.	VBA-RCS8
Power Supply Mode	Lithium battery powered
Battery	Type: CR2430 Lithium Coin Cell
Operating conditions	Temp: -20°C- +40°C
Radio Transceiver	Max output power:-40dBm to 8dBm, Frequency: 2.402-2.480GHZ
Physical parameter	Weight:116g Degree of Protection: IP20 Colours: Black and White
Certifications	CE
Battery Life	2-5 Years

DIMENSIONS

86x86x15.2mm

SPECIFICATIONS/ KEY FEATURES

< and > implement the colour temperature that can be used to change the colour temp of a tuneable luminaire, from warm white to cool white.
