

Our Pet Policy

Most domestic dogs are welcomed at A Brecks Away (By prior arrangement only).

Well behaved and obediently trained dogs are allowed in the cottages, please restrict them to the kitchen and living areas only and not to be allowed onto the beds under any circumstances.

We have left your dog(s) a small jar of treats, a blanket, towel, bowl and some spare poop bags if you need them.

No more than 2 dogs are allowed per visit (unless agreed otherwise).

Under no circumstances should any animals be left in the cottages on their own at any time and we ask that they are kept on a lead at all times when outside of the property for the safety of your animal and other guests.

You may take your dog around the pond/wildlife area but please keep them on a lead at all times as we have lots of wildlife, sheep and also horses on the farm. All dog excrement must be picked up and disposed of in the waste bin located by the driveway entrance.

Please do not enter any fields with animals in them.

As with all self-catering establishments we expect them to be left clean and tidy upon departure, this is very relevant where animals have been. If we have additional work involved in cleaning and changeover resulting from animals then you will be charged for the cleaning.

Any damage caused to any items in the cottage will be fully chargeable to yourselves, our insurance does not cover any damage caused by domestic animals, so if you are not sure about him or her, please make other arrangements.
