AMOS TRUST

OUR LAND, OUR FUTURE. Double your donation!

DONATE HERE

“Being part of the Amos Climate Fellowship strengthened our networks, gave us the tools we need and inspired us that there are other young women doing something to make this world more just and sustainable.”

FRIDA – CLIMATE FELLOW 2025/26

Your donation will be doubled — but only until 29th April

Thanks to £8,000 of match funding from The Big Give, every pound you give to the Climate Fellowship between Wednesday 22nd April and Wednesday 29th April will be matched in full up to £8,000.

The Climate Fellowship is a network of young women climate activists and land defenders from Mexico and Central America — reclaiming land, reviving Indigenous knowledge and challenging those who put profit before the planet.

Your gift will help to:

- Train and equip 14 young women climate activists to set up their own local projects tackling climate change in their communities
- Give women land defenders, so often isolated and vulnerable, a space through our Micelias network to stand together on the front lines of environmental justice
- Bring women land defenders together at learning hubs in Nicaragua and Mexico to share knowledge and strengthen one another.

Double your impact!

Donate before 29th April. Scan the QR code or visit amostrust.org/our-land-our-future-appeal
