

## Why Participate?

1

We offer exceptional services to local businesses, helping them increase prospect engagement and enhance their visibility on a single platform.

2

When you sign up through your community website or are added by staff, our team receives an automatic notification. This enables us to conduct thorough research and complete the onboarding process for each participant. You'll truly appreciate this exceptional service. We also offer the most advanced membership services, a member's area, and a mobile app.

3

Our telephone and online support teams are truly exceptional, ensuring that local businesses receive the respect and positive outcomes they deserve.

## About Us

Since 2010, Chamber Nation has been providing organizations with automated management tools that also help scale local businesses. Our platform offers a range of features, including event registration, mobile apps, and syndicated marketing across social and video channels, all of which streamline growth. Additionally, our Business Clicker App allows members to manage real-time digital advertising and content creation conveniently from a single location. ***"Join a Chamber or your local business association and Get Results"***

## Services

A **FREE Membership Management System** is available when your community invests in these membership services.

The Bringing Local Back automation transforms your entire community into a thriving commercial hub, all thanks to the power of AI.

A dedicated team of our **Member Assistants** will manage all onboarding processes and provide exceptional membership tools to foster commerce.

Helping Every  
Business  
That's Our Motto and We  
Mean It.

**Amazing  
Membership  
Services for  
Business Growth!**

- **Business Clicker** app automates commerce for members. It's Amazing!

## Our Mission

- 1 To empower communities through technology, collaboration, and smart local engagement.
- 2 Local economies thrive when community leaders, businesses, and residents work together.

Chamber Nation connects them through automation, marketing, and engagement tools that make communities stronger, more visible, and more sustainable.
