Penny Shortage – Since the US Treasury stopped producing the penny in November 2025, we are experiencing a penny shortage at City Hall. When you pay cash for your city's utility bill, if you request your change, we will credit your account with the amount due to you in pennies. For example, if your bill is \$42.47 and you pay \$43.00, your account will show a payment of \$42.50. You will receive change in the amount of \$.50. This is for cash payments only. The City of Miller accepts payments in the form of cash, check, debit/credit card (3.5% fee), money order, or check from your bank that you set up for them to pay, etc. Please don't hesitate to ask if you have questions.
