

Kingston Impact Report

South Shore Community Action Council (SSCAC) works to eliminate poverty on the South Shore by coordinating, strengthening, and supplementing community efforts to empower individuals and families so they can live in decency and with dignity, realize their full potential, and participate to the extent of their capabilities in all that our communities have to offer. Through our Community Needs Assessment Survey, low-income Kingston residents identified the ability to pay heat and utility bills, affordable housing, and access to affordable food as their three most critical needs. In addition to providing services to residents of Kingston to address those needs and more, SSCAC operated as an economic conduit, bringing private, local, state, and federal funding to Kingston and the South Shore.

Making a Difference for Kingston Residents

SSCAC SERVED 1,023 KINGSTON RESIDENTS IN 2025

In a year marked by sky-rocketing costs for household basics, many low- and moderate-income families had to make difficult trade-offs between healthcare and food to cover non-discretionary expenses like housing, utilities, and transportation. In response, SSCAC and its community partners stepped forward to provide a vital safety net. Our impact extended beyond immediate crisis relief to foster long-term financial and family stability - from mobilizing food security initiatives to expanding transportation for older adults and individuals with disabilities; preventing housing displacement and utility shut-off to increasing comprehensive early education opportunities for our youngest learners. We focused on ensuring that our most vulnerable neighbors had access to the resources and care they needed. This work was and continues to be possible only through the unwavering dedication of our employees, volunteers, and community partners. For the thousands of children, seniors, and families whose lives we touched in 2025 and beyond, we stand together, committed to our shared vision where those with so many cards stacked against them have support and resources to achieve their full potential, live with dignity and in decency, and fully participate in our vibrant communities.
