

7 Benefits of Preplanning:

1 Remove the burden from your family

Grieving is a journey all on its own, so allow your family to navigate their grief without having to make large, difficult decisions about how best to honor your wishes. Share your plans with our funeral home and remove the burden of making choices from your family.

2 Protect your assets from Medical Assistance

If you should ever outlive your money, you will need to complete a spend-down to qualify for Medicaid. Your prepaid funeral expenses are exempt assets, meaning they are completely safe and protected in the event of a spend-down. *Note: This is not typically the case with traditional life insurance, those policies may not be protected.

3 Ensure your wishes are respected.

Whether you wish for a traditional burial or cremation, would like a full service, large party, roast beef dinner, or a taco bar and margarita bar, we are here to make sure you have the celebration that will best honor your life!

4 Avoid family conflict

One of the most difficult things we see at the funeral home is children or family members disagreeing over final arrangements for their loved ones. This can create a rift that disrupts the family forever. You have the ability to help them avoid this by recording your wishes and keeping them on file with us.

5 There are several payment plans available

You can choose a lump sum payment or a payment plan that spans over 1,2,3,5,7, or 10 years. Some of these plans are interest free! Any leftover funds that are not used for your funeral are returned to your estate.

6 Have peace of mind

The NUMBER ONE thing we hear from those who have preplanned is the relief they feel. This may be a task that has been weighing on you for years and you know you just need to complete it. We recognize it is not at the top of anyone's list of "fun" things to do, but we promise to make it simple and stress-free. Once it's done, you never have to think of it again! Opt for peace of mind and preplan today!

7 Lock in today's prices for life!

Take advantage of our funeral home's Inflation Protection offerings. If you put away an additional 10% into your preneed, we will guarantee today's prices for services and merchandise for life! All unused funds are returned to your family or estate.
