

**This Week's Message  
from Fr. Amesse  
August 10, 2025**

The goodness of creation! Many times the Church has had to defend the goodness of creation. Christ...in the very revelation of the mystery of the Father and of His love, makes man fully manifest to himself and brings to light his exalted vocation. So many people cannot see the glory of God in Jesus Christ.

This is because of the sin of Adam of Eve. And even our own personal sins. The image of God is present in every human being. In 2020, Pope Francis wrote an encyclical letter. It is call Brothers and Sisters All. He revived the idea from the meeting he had while meeting with a Muslim.

The meeting was with the Grand Imam Ahmed El—Tayeb with whom he met in Abu Dhabi. Together they declared, “God has created all human beings equal in rights, duties, and dignity, and has called them to live together as brothers and sisters.” Sounds like our Declaration of Independence.

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their creator with certain unalienable rights, that among these are Life, Liberty, and the Pursuit of Happiness. Will Pope Leo XIV help us to understand better, this principle, since he comes from the USA? I hope so.
