25 nn. *Payne v. Marriott Ownership Resorts, Inc.*, San Diego County Case No. 37-
26 2018-00015175-CU-OE-CTL.

27 6. Our firm has served as class counsel in a number of significant wage and hour
28 settlements. Of particular note, in 2019, our firm was co-lead counsel in securing one of the largest
wage and hour class action settlement in California history at \$130 million. This case involved

several appeal, including plaintiffs appeal of a decertification order. The appeal amassed an extensive appellate record comprising a 23-volume joint appendix, a three-volume reporters' transcript, five briefs, four letter briefs, two motions for judicial notice, a motion to augment the record, and several additional letters informing the appellate court of new legal authority issued after *Dukes*. The matter was argued to and submitted by the Court of Appeal on September 15, 2016, and on November 21, 2016, the decertification order was reversed, and the case was remanded for further proceedings. (*Lubin v. The Wackenhut Corporation* ("Lubin"), 5 Cal. App. 5th 960 (2016)). Wackenhut filed a petition for review of the Court of Appeal decision to the California Supreme Court. The Supreme Court denied Wackenhut's petition for review of *Lubin*. The Court of Appeal issued remittitur on April 10, 2017. Eventually, through more litigation, the parties were able to secure the \$130 million settlement that was approved on October 21, 2019, by Judge Highberger in the Los Angeles Superior Court.

7. Additionally, in early 2020, our firm served as lead class counsel in a class action jury trial in the Central District of California involving the class and PAGA representative claims of over 23,000 employees which successfully resolved in the midst of trial for \$8,500,000.

8. Our firm has settled many high-stakes class and representative actions. Our firm's settlements have directly compensated hundreds of thousands of California workers. Our firm's actions have also forced employers to modify their policies for the benefit of employees including changing the compensation structure for certain employees and changing practices to ensure that workers will be able to take timely rest and meal breaks and receive proper compensation for their work. As leader in prosecuting class and PAGA enforcement actions, our firm has secured millions of dollars for workers and in civil penalties for the State of California.

9. Based on our experience, demonstrated competence, resources to prosecute the claims at issue and reputation among our colleagues in the both the defense and plaintiffs' bar, I respectfully submit our firm's experience in the field of wage and hour cases provides us the ability to prosecute claims swiftly and often times without the need for protracted litigation as here. Although, as demonstrated in the *Wackenhut* cases, we do not give up fighting for class members when challenged and necessary. As such, we respectfully subject that we are adequate

1 Class Counsel.

2 10. In sum, my firm has been the lead or co-lead counsel in hundreds of cases since its
3 inception. We have recovered hundreds of millions of dollars for employees in the State of
4 California and millions for the State as well through PAGA.

5 11. As set forth in my preliminary approval declaration and based upon the
6 overwhelmingly positive response from the Class, it continues to be my opinion that this
7 Settlement is fair, reasonable, and adequate, and in the best interest of the Class. The Settlement
8 is a good result by any measure, particularly so considering Defendants' formidable arguments
9 against liability and damages. In light of these issues, and the fact that the Settlement was the
10 product of protracted, contentious, and arm's-length negotiations between highly experienced
11 counsel with the assistance of a well-respected neutral third-party mediator, I believe that the
12 Settlement should be granted final approved.

13 **CLASS COUNSEL FEES AND LITIGATION EXPENSES PAYMENT**

14 12. Class Counsel seeks an award of \$3,783,333.33 in attorneys' fees, which
15 represents one-third of the Gross Settlement Amount. (Settlement Agreement, ¶ 3.2.2.) Given
16 the extensive efforts of counsel, one-third of the Gross Settlement Amount is respectfully
17 believed to be a reasonable award. Class Counsel has borne the entire risk and cost of this
18 litigation on a pure contingency basis. The legal issues raised in this case were complex and
19 drew significantly upon the experience of Class Counsel. The proposed attorneys' fees
20 accurately reflect the legal marketplace and are within the range of customarily approved fees
21 by California courts.

22 13. Despite the complexity of the case, Class Counsel has, through our investment of
23 substantial effort and resources, secured an outstanding settlement on behalf of the Class
24 Members. The issues and arguments Class Counsel has encountered and overcome in arriving at
25 the parties' negotiated settlement terms were also many and complex and required skillful
26 advocacy that can arise only out of experience, professional perspective, and success. Plaintiffs
27 would have faced substantial legal and factual obstacles in demonstrating that Class certification
28 was appropriate and that they would prevail on the merits in light of Defendants' asserted

1 defenses. Still, Class Counsel has negotiated a substantial settlement on behalf of the Class for
2 such claims. Plaintiffs would have also been required to establish a significant amount of
3 witness testimony, pattern and practice evidence, statistical evidence, sampling evidence, expert
4 testimony, and other evidence in order to evaluate and present arguments at both class
5 certification and trial. Defendant has vigorously challenged the claims pled in the operative
6 complaint, contested liability, the amount of claimed damages, and the propriety of Class
7 Certification, and would have continued to do so through trial. Accordingly, Class Counsel
8 believes the Settlement to be fair, reasonable, and adequate and that it is in the best interest of
9 the Class Members. The fairness and adequacy of the Settlement is confirmed by all known
10 facts and circumstances, including the risk of significant delay and uncertainty associated with
11 litigation, the various defenses asserted by Defendant, and numerous potential appellate issues.

12 14. Class Counsel respectfully submit the fees and costs provision of the Settlement
13 is fair and reasonable both when cross-checked under the lodestar and common fund method.
14 The total billable hours that our firm (and our co-counsel's firms) has invested and will invest in
15 prosecuting this action and the related actions which gave rise to the Settlement, should this
16 Court approve the settlement, is substantial. I respectfully submit that our fees and costs request
17 are fair and reasonable because our office has expended substantial time and effort in achieving
18 the proposed Settlement.

19 15. I submit that the requested attorneys' fees of one-third the Gross Settlement
20 Amount that Class Counsel has obtained on behalf of the Class Members is fair and reasonable,
21 as are the hourly rates at which our attorneys bill.

22 16. I am the founding partner at James Hawkins, APLC and have devoted
23 approximately 77.90 hours in prosecuting this case on behalf of Plaintiffs and the Class. In
24 1993, I graduated from the University of California, Los Angeles with a Bachelor of Arts

19 of California, Riverside in 2003 and received her law degree from the University of Southern
20 California in 2007. She has been a member of the State Bar of California since 2007. Her
21 practice focuses primarily on representative and class actions, including wage and hour
22 litigation. Ms. Lucio's hourly rate is currently \$775 per hour. The number of hours Ms. Lucio
23 expended for work performed and the corresponding attorney's fees of \$57,505 are reasonable
24 and necessary. The following is a summary of Ms. Lucio's tasks and activities in prosecuting
25 this matter: review summary issues; reviewing client documentation; telephone calls with clients

13 action. Mr. Murray has dedicated 108.60 hours in prosecuting this action. Such hours are

26 of San Francisco School of Law in 2021. Mr. Brown was admitted to the California Bar in
27 November 2021. His hourly rate is \$450.00 per hour and he spent approximately 15.1 hours on
28 this case. The following is a summary of his tasks and activities in prosecuting this matter: draft

case management conference statements; attend case management conferences; prepare for and attend mediation; case status reports. The number of hours expended by Mr. Brown for work performed and the corresponding attorney's fees of \$6,795 are reasonable and necessary.

21. Melissa Whitson is as a paralegal at my firm and she meets the requirements of Business & Professions Code section 6450 et seq. Ms. Whitson holds an a B.A. in Liberal Studies from California State University Fullerton. Ms. Whitson has been a paralegal in the employment law field for more than 20 years. Ms. Whitson's hourly billing rate and hours worked 40.60 are reasonable and usual for the services rendered.

22. The number of hours James Hawkins, APLC has spent working on this litigation was necessary and reasonable in pursuit of the Settlement. The lodestar for James Hawkins APLC is approximately **\$233,194**. This is exclusive of the additional amounts incurred by our co-counsel in this case. I submit that the requested attorneys' fees of one-third of the Gross Settlement Amount that Class Counsel has obtained to resolve the actions is fair and reasonable, as are the hourly rates at which our attorneys bill.

James Hawkins APLC Lodestar Summary				
Timekeeper	Years in Practice	Hours	Rate	Total
James R. Hawkins	27	77.90	\$1050	\$81,795.00
Christina M. Lucio	17	74.20	\$775	\$57,505.00
Mitchell J. Murray	12	108.60	\$725	\$78,735.00
Paul Brown	3	15.1	\$450	\$6,975.00
Melissa Whitson (Paralegal)		37.20	\$220	\$8,184.00
TOTALS		313		\$233,194.00

23. A true and correct copy of our firms' billing records is attached as **Exhibit 1**.

24. We respectfully submit that our hourly rates are reasonable in light of the hourly rates charged in the marketplace for comparable skill, years of experience and services. A true and correct copy of the 2021 Wolters Kluwer Real Rate Report, attached as **Exhibit 2**, and the Laffey Matrix, attached as **Exhibit 3**. I believe James Hawkins, APLC's hourly rates are in line with, and, in fact are modest compared with the hourly rates of other counsel in similar actions.

25. As set forth in my co-counsel's declaration, the Settlement achieved is a fair, reasonable, and adequate resolution of the Action in light of the claims and defenses at issue.

1 26. The Settlement that Counsel has negotiated on behalf of the Class confronts very
2 difficult and potentially individualized issues which make trial on the merits challenging. I and
3 our firm's attorneys, along with co-counsel, have secured this Settlement through persistent
4 advocacy of the claims, which has applied legal nuances and negotiation techniques to achieve a
5 very favorable result under the circumstances. Other attorneys without our experience and
6 comprehensive knowledge and perspective in connection with complex employment litigation
7 may not have been able to achieve such superior settlement terms on behalf of the Class. I
8 believe the requested amount of attorneys' fees under the Settlement is a reasonable allocation
9 given the excellent result we have achieved. I, therefore, respectfully request the Court approve
10 the allocated attorneys' fees under the Parties' Settlement.

11 27. In serving as Class Counsel in this action and the related actions which ultimately
12 led to the Settlement, my firm will also seek reimbursement for the out-of-pocket costs of
13 \$16,414.30. This does not include the costs incurred by our co-counsel. A summary of the
14 costs incurred by our firm to date in this action is attached herewith as **Exhibit 4**. I believe that
15 all of these fees and costs are reasonable and necessarily incurred in litigating this matter and in
16 pursuit of the settlement.

17 I declare under penalty of perjury under the laws of the State of California that the
18 foregoing is true and correct. Executed on August 7, 2025, at Irvine, California.

A Letter to Our Readers

Welcome to the Wolters Kluwer's ELM Solutions Real Rate Report®, the industry's leading data-driven benchmark report for lawyer rates.

Our Real Rate Report has been a relied upon data analytics resource to the legal industry since its inception in 2010 and continues to evolve. The Real Rate Report is powered by Wolters Kluwer's ELM Solutions LegalVIEW® data warehouse, the world's largest source of legal performance benchmark data, which has grown to include over \$150 billion in anonymized legal data.

This year, we launched our LegalVIEW Insights Report series, which explores the emerging trends behind the overall legal spend volatility seen in corporate legal departments. The insights reports coupled with the Real Rate Report are great tools to drive actionable decisions.

The legal services industry relies on internal analytics and the use of external data resources, such as the LegalVIEW® data warehouse, to support legal management strategies. The depth and details of the data in the Real Rate Report enable you to better benchmark and make more informed investment and resourcing decisions for your organization.

As with past Real Rate Reports, all of the data analyzed are from corporations' and law firms' e-billing and time management solutions. We have included lawyer and paralegal rate data filtered by specific practice and sub-practice areas, metropolitan areas, and types of matters to give legal departments and law firms greater ability to pinpoint areas of opportunity. We strive to make the Real Rate Report a valuable and actionable reference tool for legal departments and law firms.

As always, we welcome your comments and suggestions on what information would make this publication more valuable to you. We thank our data contributors for participating in this program. And we thank you for making Wolters Kluwer's ELM Solutions your trusted partner for legal industry domain expertise, data, and analytics and look forward to continuing to provide market-leading, expert solutions that deliver the best business outcomes for collaboration among legal departments and law firms.

Sincerely,

Barry Ader

Report Use Considerations

2021 Real Rate Report

- Examines law firm rates over time
- Identifies rates by location, experience, firm size, areas of expertise, industry, and timekeeper role (i.e., partner, associate, and paralegal)
- Itemizes variables that drive rates up or down

All the analyses included in the report derive from the actual rates charged by law firm professionals as recorded on invoices submitted and approved for payment.

Examining real, approved rate information, along with the ranges of those rates and their changes over time, highlights the role these variables play in driving aggregate legal cost and income. The analyses can energize questions for both corporate clients and law firm principals.

Clients might ask whether they are paying the right amount for different types of legal services, while law firm principals might ask whether they are charging the right amount for legal services and whether to modify their pricing approach.

Some key factors¹ that drive rates²:

Attorney location - Lawyers in urban and major metropolitan areas tend to charge more when compared with lawyers in rural areas or small towns.

Litigation complexity - The cost of representation will be higher if the case is particularly complex or time-consuming; for example, if there are a large number of documents to review, many witnesses to depose, and numerous procedural steps, the case is likely to cost more (regardless of other factors like the lawyer's level of experience).

Years of experience and reputation - A more experienced, higher-profile lawyer is often going to charge more, but absorbing this higher cost at the outset may make more sense than hiring a less expensive lawyer who will likely take time and billable hours to come up to speed on unfamiliar legal and procedural issues.

Overhead - The costs associated with the firm's support network (paralegals, clerks, and assistants), document preparation, consultants, research, and other expenses.

Firm size - The rates can increase if the firm is large and has various timekeeper roles at the firm. For example, the cost to work with an associate or partner at a larger firm will be higher compared to a firm that has one to two associates and a paralegal.

Rates increase in geographic areas with growing population

Additional analysis was performed to examine the impact of geographic location on law firm hourly rates. This report, like previous ones, shows that large, cosmopolitan legal services markets like New York City, San Francisco, and Los Angeles are associated with higher hourly rates. In addition, our analysis reveals a significant spike in hourly rates in areas of the country

Report Use Considerations

that are currently experiencing high population growth. Significant average rate increases occurred from 2020 to 2021 in many areas, but especially Fresno, California (~15% average rate increase), Greenville, SC (~18%), Miami, FL (~9%), Nashville, TN (~11%), Oklahoma City (~13%), Phoenix, AZ (~10%), and Seattle, WA (~11%) -- all of which have experienced much higher than average population growth in recent years.

The correlation between hourly rates and population growth makes sense. When people and businesses move into an area, it creates a spike in demand for all sorts of goods and services, including legal services. However, it is hard for the supply of legal services to move as quickly as demand because attorneys looking to move into a new geographic area face high switching costs that most will refuse to pay unless they absolutely have to.

First, attorneys looking to take work in a new state have to get licensed there, which takes time and effort and is a distraction that can reduce their current income in the form of the number of hours they are able to bill to clients. Second, despite the rise in remote working, many attorneys looking to establish practices in a new geographic location may have to establish at least some physical presence there, find a new office, new lodging, and potentially uproot their entire family. Third, even if the switching costs of licensure, physically moving, etc. are paid, attorneys may fear yet another switching cost in the form of attrition of their existing clients from their original geographic locale, who may view them as no longer investing in their knowledge of the legal problems and legal solutions that are specific to the original locale.

The methodology of calculation and benchmarking for this Updated Laffey Matrix has been approved in a number of cases. See, e.g., *DL v. District of Columbia*, 267 F.Supp.3d 55, 69 (D.D.C. 2017)

* $\frac{1}{2}$ Years Out of Law School: $\frac{1}{2}$ is calculated from June 1 of each year, when most law students graduate. $\frac{1}{2}$ 1-3" includes an attorney in his 1st, 2nd and 3rd years of practice, measured from date of graduation (June 1). $\frac{1}{2}$ 4-7" applies to attorneys in their 4th, 5th, 6th and 7th years of practice. An attorney who graduated in May 1996 would be in tier $\frac{1}{2}$ 1-3" from June 1, 1996 until May 31, 1999, would move into tier $\frac{1}{2}$ 4-7" on June 1, 1999, and tier $\frac{1}{2}$ 8-10" on June 1, 2003.
