ORDER GRANTING TEMPORARY NON-GAMING RELATED SUPPLIER LICENSE

Pursuant to Rule 432.1325(1) of the Michigan Gaming Control Board's (Board) Administrative Rules, the Board may issue a temporary supplier license to an applicant for a non-gaming related supplier license.

A temporary license allows the applicant to conduct business with casino licensees before the non-gaming related supplier license is issued to the applicant.

On November 21, 2025, GHA TECHNOLOGIES, INC. (Applicant) filed a non-gaming related supplier license application with the Board pursuant to and in accordance with the requirements of the Michigan Gaming Control and Revenue Act, as amended, MCL 432.201 et seq., and the Administrative Rules, MR 432.1101 et seq.

Board staff completed a preliminary review of the application and found that Applicant submitted a substantially complete application. No apparent deficiencies were found in the application which would preclude the issuance of a temporary license.

GHA TECHNOLOGIES, INC. has satisfied the requirements for obtaining a temporary non-gaming related supplier license. Therefore, the Board, by its Executive Director, Henry Williams, hereby grants GHA TECHNOLOGIES, INC. a temporary non-gaming related supplier license effective on the date this order is signed.

The temporary license will be valid until further Board action or notification by the Executive Director. If a temporary license is suspended or revoked, the Executive Director shall immediately forward the Applicant's application for supplier license to the Board for action on the Application.
