Scottsdale, AZ 85260

**RE: VENDOR EXEMPTION APPROVAL**

GHA Technologies, Inc. (**007379**) has been granted a vendor exemption and added to the Michigan Gaming Control Board's (MGCB) list of active vendor exemptions on the MGCB website.

A vendor exemption allows a person or entity to provide nongaming-related goods and/or services in an amount greater than \$50,000 but less than \$400,000 of business with any one commercial casino in any rolling twelve-month period. GHA Technologies, Inc. is granted a vendor exemption with the following condition:

GHA Technologies, Inc. will not provide any gaming-related goods or services to commercial casinos in the State of Michigan.

It is the affirmative duty of the person or entity to monitor the total dollar amount of its business with a casino licensee. Following receipt of a vendor exemption, the person or entity can provide more than \$50,000 but not more than \$400,000 in goods and/or services to any one casino licensee. Prior to exceeding the \$400,000 threshold in goods and/or services, a temporary supplier's license, a supplier's license, or an exemption in a different category must be granted.

Employees of GHA Technologies, Inc. working in the casino may be required to obtain an occupational license to perform their duties. If employees of GHA Technologies, Inc. will be conducting work in a restricted area of a casino or in the gaming area of a casino, please contact the MGCB Employee Licensing Section at (313) 456-4100 for licensing information.

GHA Technologies, Inc. has a continuing duty to provide the MGCB with any updates to previously submitted information.

If you have questions concerning your vendor exemption, please contact the Enterprise Licensing Section at (313) 456-1501.

Sincerely,

Richard S. Kalm  
Executive Director

**STATE OF MICHIGAN  
MICHIGAN GAMING CONTROL BOARD**

In the Matter of the Request for  
Vendor Exemption of

GHA Technologies, Inc.

Tracking No. VE007379-20-001

ORDER GRANTING VENDOR EXEMPTION

On December 26, 2019, GHA Technologies, Inc. (Applicant), filed a Vendor Exemption Application with the Board in accordance with the requirements of Resolution No. 2017-02.

Board staff completed a review of the application and found the Applicant submitted the application fee and completed application.

No apparent deficiencies were found in the application or supplemental documentation that would require denial of the application. Additionally, the submitted materials did not reveal the Applicant might otherwise be ineligible, unqualified, or unsuitable to permit issuance of a vendor exemption.

Based on the review, the tax liability and criminal history checks, and because, in accordance with Board Resolution No. 2017-02, GHA Technologies, Inc., provides less than \$400,000 worth of nongaming-related goods and services to each casino licensee, GHA Technologies, Inc., has satisfied the requirements for obtaining a vendor exemption with the following condition:

The Applicant will not provide any gaming-related goods or services to commercial casinos in the State of Michigan.

The Board, by its Executive Director, Richard S. Kalm, hereby grants GHA Technologies, Inc., a vendor exemption effective on the date this notice is signed. The vendor exemption will be valid for a one-year period or until otherwise notified.
