Profitable, growing business

First institutional capital

Non-discretionary services that are critical

3x+ organic and acquisition growth potential

Ability to implement AI & tech-enabled value creation solutions

Southfield Capital has focused on control-oriented investments in entrepreneur-built business services companies since 2002. We are dedicated to elevating businesses by providing institutionalized capabilities and processes, utilizing technology and a bespoke AI transformation playbook to redefine value creation for entrepreneurs and management teams. As a technology leader in the lower middle-market, Southfield works collaboratively to accelerate organic growth and implement targeted add-on acquisition strategies with the goal of at least tripling the size of the businesses. Having raised more than \$1.5 billion to date, Southfield is currently investing out of its flagship fund, Southfield Capital IV.
