

12.2 Additional services and enrichment policy (including food)

The EYFS statutory framework only requires the minimum provision for learning, development, and care. However, we go above and beyond to enrich children's early years experiences. The following are not requirements for EYFS delivery, but they significantly enhance the quality of care and education. The core EYFS provision will always be provided at no cost, ensuring no compromise to their basic education.

You will only pay £20 for a full day of additional services.
