Nata nel 2002, GP Porte è un'azienda giovane e dinamica che opera nel settore della produzione e del commercio di porte in laminato, legno e vetro. Con sede a Torano Castello Scalo, in provincia di Cosenza, si sviluppa su un'area di 30.000 mq, tra laboratori di produzione e show room. Un mix di tradizione e innovazione per realizzare prodotti, interamente italiani, che vanno dal classico al moderno, con soluzioni sempre più all'avanguardia. Ogni singolo passaggio di produzione viene seguito con attenzione dal team aziendale, capace di andare oltre gli standard e di trasformare un'idea in un prodotto totalmente personalizzato fin nei minimi dettagli.

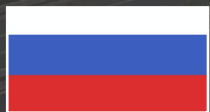

GP Porte, established in 2002, is a young and dynamic company working in the manufacture and trade of laminate, wood and glass doors. The company is based in Torano Castello Scalo, in the province of Cosenza and its premises stretch over an area of 30,000 sq. meters that encompasses production units and a show room area. The company relies on a mix of tradition and innovation and manufactures entirely Italian products ranging from classical style to modern doors with increasingly up-to-date solutions. Each manufacturing step is carefully checked by the company team, who strives to go beyond the standards and transform an idea into a totally tailor-made product.

Née en 2002, GP PORTES est une entreprise jeune et dynamique dédiée à la fabrication et la commercialisation de portes en mélaminé, bois et verre. Elle est implantée à Torano Castello (en Calabre, province de Cosenza), sur un site de 30.000 m² entre laboratoires de production et salle d'exposition. Implantée à Torano Castello (en Calabre, province de Cosenza), GP Portes conçoit, construit et vend des portes en bois, mélaminé et verre. Ouvrir avec style, c'est notre invitation à connaître des portes uniques et résistantes, pour personnaliser votre espace quotidien. Nos nombreuses lignes ont été étudiées pour satisfaire tous les goûts, même les plus exigeants. Vous aurez le choix entre une vaste gamme de portes ou vous pourrez les adapter à vos besoins selon les mesures, formes, couleurs ou décorations désirées. Nos portes sont réalisées avec des matériaux et des finitions de haute qualité. À notre travail artisanal s'accompagnent des technologies innovantes qui sont indispensables pour obtenir des résultats précis et de la plus haute qualité.

Le porte EI (30, 45, 60 e 120) sono realizzate seguendo tutti i criteri di sicurezza, i modelli sono rigorosamente testati ed omologati in base alle norme EN 1634 relative alla resistenza al fuoco; ciascuna porta è provvista di numero di identificazione, omologazione ed estensioni rilasciati dal Ministero dell'Interno, ed inoltre, di certificato di conformità al prototipo di collaudo, secondo D.M. 21.06.2004. Sicurezza dunque, ma senza tralasciare l'aspetto estetico, tutti i modelli in legno, laccato e laminato prodotti dalla GP Porte, possono essere trasformati in porte EI e fonoisolanti, assicurando al cliente una vasta gamma di scelta in base ai propri gusti ed alle proprie esigenze, inoltre partendo dai modelli base disponibili, si possono richiedere personalizzazioni specifiche.

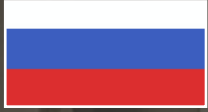

EI doors (30, 45, 60 and 120) are manufactured in compliance with safety criteria. The models are tested and certified based on the EN 1634 standards (fire resistance). Each door has an ID code, a certification and an extension of approval issued by the Italian Ministry of the Interior and they are also equipped with a certificate of conformity with the prototype testing, in compliance with the Italian Ministerial Decree of 21st June 2004. Safety and security are combined with esthetic details. All wood, laminated and varnished doors can be transformed into EI and sound proof products, ensuring a wide range of choice to its customers, who can select a product based on their needs and requirements. Moreover, each product can be customized ah-hoc.

Les portes EI (30, 45, 60 et 120) sont réalisées en suivant tous les critères de sécurité, les modèles sont soumis à des tests d'homologation certifiés conformément aux normes EN 1634 qui déterminent la résistance au feu; chaque porte est fournie d'un numéro d'identification, d'homologation et d'extensibilité délivrés par le Ministère de l'intérieur, et en outre, d'un certificat de conformité au prototype d'essai, selon le D.M.21.06.2004. Sécurité donc, mais sans oublier l'aspect esthétique. Tous les modèles en bois laqué et mélaminé produits par GP Portes peuvent être transformés en portes EI et phono-absorbantes, en assurant à nos clients une vaste gamme de choix selon ses propres goûts et ses propres exigences. En outre, à partir des modèles de base disponibles, vous pourrez demander votre propre personnalisation.
