L'AZIENDA *THE COMPANY*

Fondata nel 2002, GP PORTE ha puntato sulla qualità del made in Italy, sull'innovazione tecnologica e sul valore delle risorse umane. Grazie a questi investimenti, ha ottenuto la marcatura CE, affermandosi come l'azienda più certificata in Europa nella produzione di porte EI per hotel.

Con una struttura di 30.000 mq dedicata interamente alla progettazione e produzione di porte in legno, laccato, laminato e vetro, GP PORTE combina tradizione e innovazione per offrire soluzioni d'avanguardia.

Ogni fase produttiva è curata con estrema attenzione, trasformando idee in prodotti personalizzati. L'azienda offre porte su misura, garantendo solidità, affidabilità e un design che spazia dal classico al moderno.

Born in 2002, GP PORTE is a young and dynamic company which bet on Made in Italy quality, technological innovation and human resources. Thanks to these investments, it has obtained the CE marking, becoming the most certified company in Europe for EI hotel doors production.

With 30,000 m2 of factory warehouse entirely dedicated to design and production of wooden, lacquered, laminate and glass doors, GP PORTE combines tradition and innovation to offer cutting-edge solutions.

Each production step is treated with extreme attention, transforming ideas into customized products. The company also offers custom-made doors, guaranteeing solidity, reliability and a design that ranges from classic to modern.

Linea GLASSY

Su/On **CLASSIC**

La valorizzazione della luce e l'abbinamento delle più svariate tecniche decorative sono il principale vantaggio della linea Glassy. Forme modulari forano i pannelli e risaltano la loro profondità grazie al fermavetro che incornicia le diverse scelte cromatiche dei vetri.

The enhancement of light and the combination of the most varied decorative techniques are the main advantage of the Glassy line. Modular shapes pierce the panels and enhance their depth thanks to the glass-stop that frames the different chromatic choices of the glass.

Linea FASHION

Essenziali e sinuose nel disegno, composte di pannelli a taglio retto o curvo, le porte della linea Fashion sono adatte a qualsiasi tipo di arredamento. La loro peculiarità sta nella presenza dei montanti laterali che conferiscono resistenza al pannello con inserto vetro di serie.

Essential and sinuous in the design, composed of straight or curved cut panels, the doors of the Fashion line are suitable for any type of furniture. Their peculiarity lies in the presence of side uprights that give strength to the panel with glass insert as standard.

Linea MASSELLATA

Dall'incontro di materiale Massiccio (interno) e Impiallacciato (esterno), ricavati dalla stessa essenza lignea, nasce il pannello della Linea Massellata. Un prodotto dal design moderno e versatile, in cui è possibile far coesistere elementi con finiture Laccate e Verniciate, pensate per una maggiore durabilità nel tempo.

From the meeting of the solid material (internal) and the veneered one (external), obtained from the same wood essence, comes the panel of the Massellata Collection. A product with a modern and versatile design, in which it is possible to find elements with lacquered and painted finishes, thought for a greater durability over the time.

Linea STYLE

Su/On **CLASSIC**

Semplicità e ricercatezza contraddistinguono i modelli della collezione Style, in cui l'intramontabile design della tradizione e l'estrema cura nei dettagli di bugne e fermavetro, riescono a conferire eleganza e prestigio anche ad una porta liscia. Perfettamente integrabile nell'arredo classico come in quello moderno, è ciò che serve per dar sfogo alla libera combinazione di svezature.

Simplicity and refinement distinguish the models of the Style collection, in which the timeless design of tradition and the extreme attention to detail in the ashlar and glass stops manage to give elegance and prestige even to a plain door. Perfectly integrated into classic as well as modern furniture, it is what is needed to give free rein to the combination of drillings.

Linea SLIM

Studiate per soddisfare le nuove tendenze in materia di arredamento per interni, le porte della linea Slim possiedono una struttura di base sottile in legno massiccio, realizzata con l'intento di donare al prodotto l'idea della leggerezza nonostante il materiale pregiato. Le tre soluzioni incorniciano l'essenzialità di un pannello in legno o vetro, si adattano perfettamente agli ambienti dal design contemporaneo.

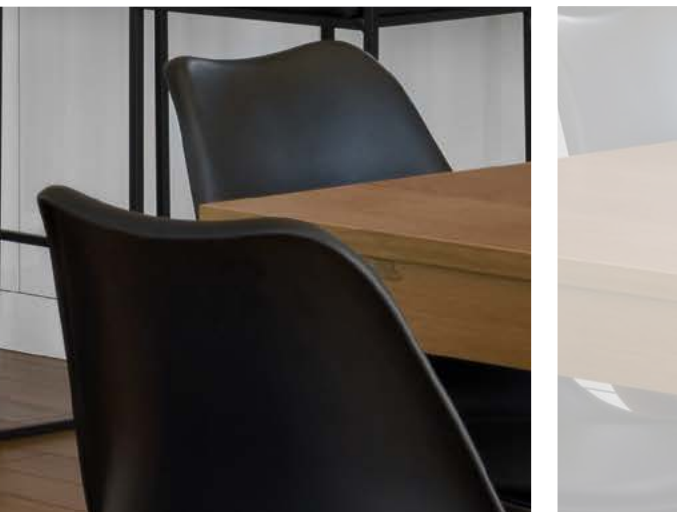

Designed to meet the new trends in interior design, the doors of the Slim line possess a slender base structure made of solid wood, crafted with the intention of giving the product the idea of lightness despite the fine material. The three composing solutions that surround the essentiality of a wood or glass panel are perfectly suited to contemporary design environments.

Linea INNOVATIVE BEND

Su/On FANTASY o PRESTIGE

Porte imponenti ed eleganti, dalla testata ad arco, caratterizzano la linea Innovative Bend. I suoi modelli contribuiscono a impreziosire le aperture degli ambienti più esclusivi. I particolari che delineano le forme di questa porta conferiscono inoltre personalità e carattere all'arredo indipendentemente dallo stile tradizionale o moderno.

Impressive and elegant arched-headed doors characterize the Innovative Bend line. Its models help beautify the openings of the most exclusive rooms. The details that outline the forms of this door also give personality and character to the decor regardless of traditional or modern style.

Linea PRECOMPOSTO

La linea Precomposto è unica nel suo genere e offre una grande varietà di essenze e tagli che permettono la realizzazione di modelli originali per ogni gusto ed esigenza. Le venature del legno impiallacciato di diverso colore si combinano per creare vere e proprie texture che rispondono sia alla ricerca dell'eleganza che al bisogno di creatività.

Precomposto line is uniquely designed to offer a wide variety of essences and cuts that allow the creation of original patterns for every taste and need. Wood veneer grains of different colors can be combined to create true textures that meet both the pursuit of elegance and the need for creativity.

Linea CONTINUUM

Quando l'evoluzione tecnica incontra la linearità del design, le pannellature su misura Continuum trasformano la parete in una superficie omogenea, dove porte e pareti si fondono senza interruzioni. Dalle configurazioni essenziali alle soluzioni personalizzate, ogni elemento si allinea con precisione millimetrica per una totale coerenza visiva capace di esaltare la luce e il ritmo architettonico dello spazio.

Where technical evolution meets linear design, Continuum's bespoke paneling transforms walls into a seamless surface, where doors and panels merge without interruption. From minimalist layouts to custom solutions, every element aligns with millimeter precision for absolute visual harmony, elevating the light and architectural rhythm of the space.
