13	Saturday	4 BBB Mixed & Members Stableford Patrons Day
20	Saturday	Stableford - <i>Club Tare Golf Management Committee</i>
27	Saturday	Stableford - <i>Club Tare Golf Management Committee</i>

Competition Basics

Behaviour

You are expected to conduct yourself in a fitting manner, both on the course and in the clubhouse; you are also responsible for your guest's conduct.

Dress code

You should always appear neat and well dressed. Singlets, bare feet, swimwear, scuffs, thongs, stubbies, training apparel or football gear are not considered suitable whilst on the golf course. When in the clubhouse you and your guests must be suitably dressed in line with the Clubs dress regulations.

Rules of Golf

You are expected to have a good understanding of the Rules of the Game, a free copy of which is available at the professional's shop. You are strongly advised to carry a copy with you when on the course. If you need a ruling after a round of golf, you should contact the Captain or a member of the Management Committee before lodging your scorecard.

Rules...Responsibility

It is the duty and responsibility of the lowest handicapped player in a group of players to ensure that other members of the playing group adhere to the Rules of Golf; this includes ensuring that play progresses without due delay.

Hasham Rule

If the total of your age and daily handicap equals 96 or more, you may hit off the red tees on the 6th and 8th holes. Rule not used in major events.

GPS Devices

You may use measuring devices provided you only do so for measuring distance and not variables such as elevation or wind speed and direction.

Pace of Play

It is a group's responsibility to keep up with the group in front. The estimated time to play 18 holes should be 4h 30min. Players should be ready to play as soon as it is their turn to play. When playing on or near the putting green, they should leave their bags or carts in such a position as will enable quick movement off the green and towards the next tee. When the play of a hole has been completed, players should immediately leave the putting green.

Handicaps Alterations

The Committee may approve the alteration of a member's handicap if, in absolute discretion and having regard to all the circumstances including the members results in any form of competition, it considers that the change is warranted under the Australian Handicap System.

Honour and General Play

In Match Play the honour on the first tee is determined by the toss of a coin and thereafter it is determined in favour of the winner of the last won hole. From tee to holing out the honour is that of the player whose ball lies furthest from the hole. In Stroke Play the first player on the tee, ready to play should generally assume the honour. You should mark your card at the time that ensures following players do not wait for the previous green. Between the tee and the green, you should move to your ball and hit when the fairway and hole ahead are clear and it is otherwise safe to do so. On the green, you should putt out unless you will damage someone's line of putt. In Stableford or Par events you should pick up your ball immediately you have failed to score.

Incorrect Marked Cards

Incorrectly marked cards or cards not returned within thirty minutes of completion of a round will not be accepted.

Lightning & Suspension of Play

You are responsible for your own personal safety on the course and it is a condition of play that you do not rely on Club Taree Golf to ensure your safety from lightning irrespective of whether the siren has been sounded for suspension of play. When there is a risk of lightning, sirens may indicate the approach of lightning. One prolonged blast of the siren indicates lightning is approaching and you should mark your ball and leave the course immediately.

Local Rules

It is your responsibility to be familiar with our Local Rules.

Loss of Position in the Field... Lost Ball

If you lose your place in the field, you must either make up lost ground without delay or call the following group through; if that is not done; the group behind may exercise their right to play through. Penalties may be applied for failing to do so. Searching for a lost ball is not an excuse for loss of position; as soon as you think you might have some difficulty in finding a ball, call the following group through; search time for a Lost Ball is limited by Rule 18.2 to 3 minutes.

Motorised Vehicles

You may use a motorised cart, tricycle, etc. in all golf events. No vehicles however are permitted inside the white lines drawn in front of and to both sides of the greens... and on any closely mown area adjacent to the greens not marked. In times of "extreme weather" carts and tricycles may be required to follow specified pathways or be prohibited entirely.

Protest

If you wish to enter a protest you must do so in writing to the Golf Management Committee within five days of the completion of play. The committee decision on any protest is final.

On-Line Booking

You may book to play in any event up to two weeks in advance of the day of play through the player's portal on the club's website; you may also contact the club on 6552 1506.

Scoring Responsibilities: Competitor and Marker

Responsibilities for scoring in stroke competition are an important part of competition. Your responsibility under Rule 3.3b as a competitor is to ensure that (1) your correct handicap is recorded on the scorecard before it is returned to the Committee, (2) the gross score on each hole is correct, (3) the marker has signed the card, and (4) you have signed the card. The card is deemed to be returned to the Committee when the card has been scanned and placed into the box provided for the purpose.

Method of Play... Special Events

Foursomes

Foursomes is a stroke event in which partners use one ball. Each of the partners hit off from alternate tees: one hits off odd numbered tees and their partner tees off even numbered tees; in mixed foursomes the woman hit from even numbered tees. After the tee shot partners hit the ball alternately during the play of each hole until it is holed.

American Foursomes

Both partners hit off and the second shot is played with their partner's ball. One ball is then selected for subsequent play and that ball played alternately during the play of each hole.

Canadian Foursomes

Both partners hit off and one ball is selected for subsequent play and that ball is played alternatively during the play of each hole.

Ambrose (2, 3 or 4)

The team selects a captain, preferably the lowest marker, who determines the order of play throughout, marks the Team's card (or that of the other team if there is more than one team playing together) and decides which ball is to be played. After each shot, one ball is selected, and the other players drop their balls within one club length of the selected ball, no nearer the hole. Play continues this way until the putting green is reached where the selected ball is marked, and the others play from within 30 cm from the mark no nearer the hole. Play continues until the ball is holed. If a selected ball is in the rough or a hazard, the other balls must be dropped in the rough or hazard. If the selected ball lies neat the putting green the ball may not be dropped or placed on the putting surface. It is the team captain's responsibility to ensure, when playing a two person Ambrose that at least six tee shots must be recorded on the score card by each player; for three person Ambrose this is five shots and four-person Ambrose four tee shots.

Irish Four Ball

This is a team event, with four (4) players. All players hole out each hole as with an individual Stableford event. On holes 1 to 6 the best single score counts as the team score... on holes 7-12 the best two scores count... on holes 13 – 18 the best three scores.
