Cranes

Capability Statement
2025 | 26

Company Overview

ANC Cranes is your one-stop solution for crane and lifting operations, offering wet and dry hire options backed by our professional crew of lifting experts.

With a fleet of nearly 25 cranes, from compact 2-tonne electric models to powerful 130-tonne All-Terrain units, we handle everything from backyard installations to large-scale government contracts.

Operating out of North-West Sydney for over two decades, we pride ourselves on personalised, reliable service, ensuring every project runs safely and smoothly. Our reputation is built on delivering solutions even where others can't, underpinned by our certified equipment, experienced crews and a commitment to getting the job done no matter the challenge.

At ANC Cranes, we don't just lift – we raise the bar. No matter the challenge, we'll always find a solution to get the job done. We Raise the Standards.

A large white crane with a long boom is lifting a massive wooden spool. The crane is mounted on a truck with "ANC Cranes" and the phone number "0407 955 569" on its side. The spool is suspended by cables and is being moved from the ground to a higher position. The background shows a clear blue sky and a hilly landscape.

*Tackling tough jobs is what we do best. With decades of experience and a fleet built for anything, **ANC Cranes** gets the job done right.*

Accreditation

ANC Cranes' accreditations showcase our dedication to meeting industry and compliance standards. We have our AZ/NZS ISO 45001, AZ/NZS ISO 9001:2016 & AS/NZS ISO 14001:2018. We work hard to ensure safety, quality and reliability, giving clients confidence that every project is completed to the highest standards.

Safety

ANC Cranes prioritises safety through strict internal policies and procedures. Our team undergoes regular safety training and our equipment is regularly maintained to meet compliance standards. Our detailed Risk Assessments, Safe Operating Procedures and robust Emergency Response Plans ensure each project is completed successfully while maintaining complete safety for all involved.

Industries

ANC Cranes works across a wide range of industries, adapting our services to meet the unique needs of each client. Our team takes the time to carefully examine every project site before work begins, ensuring we fully understand the project's requirements.

From residential to large-scale commercial or government projects, we tailor our approach to deliver safe and efficient solutions.

With our experience and flexibility, we're equipped to tackle diverse jobs, offering customised services that fit the specific demands of each client.

Case Study

THE CHALLENGE

A major construction firm needed to bring in ANC Cranes to help boost productivity and get the project back on schedule. Cranes can be essential for lifting heavy materials, improving efficiency on the site and enabling work to progress faster.

OUR SOLUTION

As a result of our excellent track record, ANC Cranes was brought in to take over the project. Our team quickly demonstrated increased productivity, seamless communication and a more collaborative attitude, promptly providing cranes when needed and addressing project challenges efficiently. Our well-maintained fleet, crewed by our experienced operators, worked diligently to get the project back on track while maintaining a safe working environment for all personnel.

THE RESULTS

The project was ultimately delivered on time and budget, despite the earlier setbacks. The client was so impressed with our performance that they extended our services to a subsequent project, securing us an ongoing partnership with our valued client.
