We are here to serve your family in their time of need day or night.

CremationHelp.ca is proud to offer a new convenient online arrangement process and practical approach to arranging funeral and cremation services. You will never be asked to come in the office, instead, you will make the arrangements in the comfort of your own home.

We provide dignified care for the deceased, a cremation container and transportation from place of death to our facility and then to the crematorium. We register all documents with the Province, arrange for Coroner's authorization for cremation, assist with CPP applications and give you proof of death certificates to settle the Estate. Once cremation has taken place, we return the cremated remains in a container.

Whether you're looking for affordability or a personalized yet simpler tribute, we want you to know that we specialize in cremation. We are now able to offer the services you want at the best online price. We are here to serve your family in their time of need day or night.

This lower cost option still includes the respectful care and professional conduct you have come to expect from Dermody's. These two elements have no price tag associated with them. Instead they are part of our business beliefs and commitment to your family. Our goal is to create a far simpler, less expensive, and more convenient tribute to your loved one.

The funeral home will retain the cremated remains for an agreed period of time from the date of cremation.
