10th September 2026

Term 3

Week 9

Issue 17

Last day of Term

Our last day of term is on September 18th. We will be finishing at 2:15pm. To celebrate our learning about the dairy industry and the unveiling of our cow Mango we are inviting you to join us for smoothies.

AWARD WINNERS

Congratulations to Lila and Riley on receiving this weeks award. Well done!!

Term 3

As the term comes to a close, I would like to thank our wonderful team, our amazing students and their supportive families. We have had a ripper of a term, including going to see Bluey and our amazing cafe. Our prep students celebrated their 100 days of learning with some special treats and a party. We visited Moyston for a cluster day and will be finishing the term off with a special trip to ten pin bowling.

Ten pin bowling and lunch

Next Monday (14th) our students will be celebrating a well busy term with a trip to ten pin bowling and lunch. Please approve the permission slip from uEducateUs.

Classroom News

It has been another busy few weeks in our Grade 2–5 classroom!

We have continued exploring our My Place unit, travelling back through time and comparing what life was like in different decades. Students have enjoyed investigating how toys, schools and communication have changed over the years. There have been some great discussions about what children did for fun in the past, what classrooms and school life looked like, and how people communicated before mobile phones, emails and the internet!

In Writing, we have been learning about persuasive techniques and how advertisers use words and images to convince an audience. Students have been putting these skills into action by creating their own advertisements, using catchy slogans, persuasive language and plenty of creativity.

In Maths, our focus has been on subtraction using regrouping (trading). Students have been developing their understanding of place value and learning how to trade between hundreds, tens and ones when solving subtraction problems. We have been using a range of hands-on materials, written strategies and maths games to build confidence and accuracy.

Mango getting spruced up a bit.

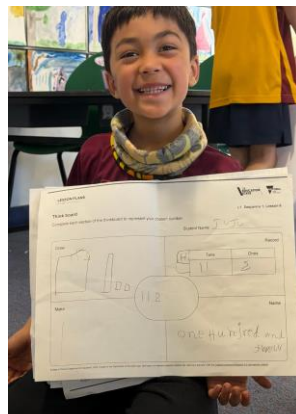

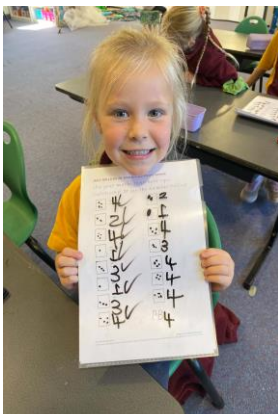

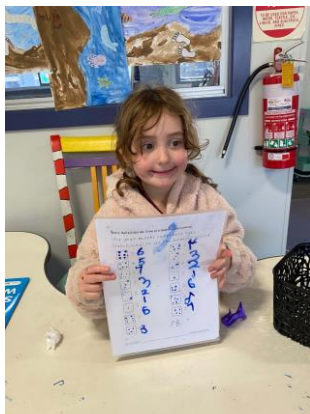

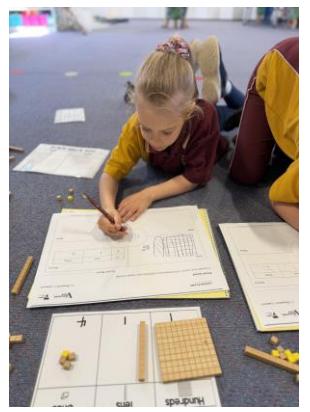

Buangor Primary School is committed to child safety (Ministerial Order No. 870) and takes all reasonable steps to ensure that the safety of our students is paramount.

Classroom News

F-1

It has been an incredibly busy exciting few weeks of learning in our prep and year 1 classroom! In Mathematics, our students have been diving deep into the world of numbers. The year 1 students have been exploring place value with two-digit and three-digit numbers, using Multibase Arithmetic Blocks (MAB) to physically make, write, and compare the sizes of different numbers. Meanwhile, our Preps have been mastering teen numbers by using tens frames, paddle pop sticks, and MAB. They are learning to recognise that a teen number is "ten and some more," while building great confidence in saying and writing these tricky numbers.

In Literacy, we have officially wrapped up our unit on information texts and shifted our focus to persuasive writing. The students are having fantastic discussions about the differences between opinions and arguments, and they are currently learning how to write powerful questions to convince their readers. Alongside our writing, our daily phonics sessions are helping everyone become stronger readers and spellers. The prep students have been working hard on reading and writing words with the double consonants 'll', 'ss', and 'ff', while the Year 1s have been focusing on mastering the 'ar' sound.

Milo's birthday surprise party!

We've met all the characters...now it's time to celebrate.

The celebration will be held on Friday 11th September. Prep and Year One students are invited to dress as their favourite character from Milo's Birthday Surprise book.

There will be activities, food and lots of fun. We can't wait to celebrate all your amazing learning together!
