Permit Requirements: Individuals who sign the permit shall be responsible for locations, accessing, and capping and all existing sewer and septic lines. Prior to covering the cap, a mandatory inspection must be completed by the Wastewater Treatment Department *or* the Putnam County Health Department.

The State of Indiana statute requires a demolition permit applicant to reveal the location where debris created from the demolition will be properly disposed. The address of that location site must be listed below:

NOTE: The applicant is responsible for keeping all debris, dirt, gravel, and mud off of the county roads, right-of-ways, etc. All dust must be kept to a minimum. Questions concerning these directives and requirements should be directed to the Putnam County Building and Planning Department at (765) 301-9108.

I hereby certify that I have the authority to make the foregoing application; that the application is correct, and that the demolition shall conform to the regulations in the Putnam County Building and Zoning Ordinances.
