MIH COORDINATOR AT EMS

Director Kelly Russ stated in the past the coordinator salary has been approved by the Council. It is paid through a grant. Campbell asked why the board did not receive any information regarding this prior to the meeting to review. Russ had thought it was just a technicality request.

They are looking at having funding for the next four years for this position through two grants. Requesting salary from 73K to 78K due to the new coordinator they are hiring with her qualifications that the previous coordinator did not have. This is not a technicality request. Salaries are reviewed and approved by the Council. Information needs to be given prior to a request to give time to review. Wallace reminded the county now has a salary committee that this should have went to prior to coming to the Council.

Campbell reiterated that if the department lost funding the position would no longer be available. Russ said she hoped after four years the county would want to continue it. If the county decided not to, the position would be nullified. Huffman made the motion to approve. Williams seconded. The motion passed.
