Subject: LETTER FROM THE CEO: OUR IMPACT

Event: Spring Fling Fundraiser: Turning Community Support into Lifesaving Impact

To Whom It May Concern,

Due to the remarkable generosity of our supporters, sponsors, and community partners, our Spring Fling Fundraiser was a significant success, advancing tangible progress for the veteran community throughout New Jersey.

All funds donated have been sent directly to essential housing and mental health programs that assist veterans confronting homelessness, trauma, and the unseen scars of warfare. The core of this endeavor is our “Homes4Vets project,” which offers transitional and permanent housing alternatives to veterans in need, accompanied by comprehensive support to assist them in regaining stability and independence.

Your gifts have facilitated essential mental health programs and peer-led support services statewide, providing hope, counseling, and crisis intervention for individuals confronting PTSD, depression, and anxiety.

P.O. Box 7503

Your contributions have enabled us to:

- Provide veterans with secure, temporary housing
- Finance materials for the repair of veteran housing projects
- Enhance our “Homes4Vets” capacity to serve additional counties in New Jersey
- Conducted courses centered on mental wellness, suicide prevention, and reintegration.
- Facilitated connections between veterans and trained peer mentors, as well as certified mental health professionals.

The necessity is pressing. Veterans persist in encountering significant problems that necessitate both empathy and intervention. With your support, TTA Empire Inc. is not merely constructing homes; we are revitalizing lives. Your contributions have allowed us to transform hardship into healing, despair into direction, and uncertainty into stability. Every life touched, every home built, and every mental health service delivered is a direct result of your belief in our mission.

On behalf of all affected veterans, we express our deepest gratitude for your steadfast support. Together, we are collaboratively forging a future in which no veteran is neglected, forgotten, or left behind.

Sincerely,

Timothy Awojobi, USAF, MPA

CEO/Founder of TTA Empire, Incorporated
